Hicks Drops Appeal for Cement Plant

Attorneys Withdraw Application at Supervisors Meeting

A request by the Palm Springs Builders Supply Co., Inc. of Palm Springs to withdraw its application for a permit to operate a ready-mix concrete plant in the Cathedral City-Palm Desert area was granted by Riverside County Planning Commission at its Tuesday session.

Tyler Suess, county planning director, told the commissioners that a phone call had come from the office of Thompson & Colgate, attorneys, relaying the withdrawal request for Harold Hicks of the Palm Springs firm.

No explanation was given for the change of mind, but the proposed project was heavily opposed at a previous hearing before the planning commission.

Horse Track Construction to Begin Here Soon

Desert Turf Club will start construction of its quarterhorse track as soon as possible after a land use permit is granted by the Riverside County Board of Supervisors, according to Frank Bogert, president.

Bogert was notified yesterday by The Desert Sun that Superior Court Judge R. Bruce Findlay had ordered the supervisors to grant the permit. He in turn notified Henry Gogerty, vice president, and John Mawson, secretary-treasurer.

The Desert Sun published an "Extra" following its regular edition, after receiving news of the court order within minutes after it had been issued.

In effect, this ends the long court battle which had been started by the Turf Club after the supervisors had denied the land use permit on moral issues.

Consideration of morality was not to be considered, according to the courts, and therefore the permit should be granted unless a new hearing was held. Supervisors voted not to hold a new hearing, and now the court has ordered them to grant the permit.

San Bernardino Forest Fire Nearly Controlled

SAN BERNARDINO, Calif. (AP) — Firefighters mopped up today scattered small blazes of a 10,500-acre forest fire which threatened San Bernardino mountain resorts.

The five-day fire was halted Tuesday by a small army of 1,500 firefighters. Forest officials said the fire could be considered contained although it will be days before the last embers are extinguished.

"We have the fire 100 per cent contained and more than 60 per cent controlled," said Forest Supervisor Jim Jarvi. "Barring a sudden increase in winds, we should have it under complete control shortly."

NEARLY 1,000 residents of Loring Pines and Running Springs trucked belongings back to their homes Tuesday.

The blaze had reached within a mile of the area. The rampaging fire also had threatened the swank Lake Arrowhead region but favorable winds and quick action by fire fighters saved the recreation area.

State Forester E. F. Osterman said cost of fighting the fire would reach \$500,000. Damage to some of California's finest virgin timber destroyed in the 16-square mile area was not known.

The stubborn fire started last Friday when a jet pilot ditched his plane in unpopulated mountain area and parachuted to safety.

Realty Board's Fall Meeting Set Thursday

First general membership meeting of the Palm Springs Real Estate Board of the fall season will be held at 7 p.m. Thursday, at the American Legion hall.

This will be one of the most important sessions of the year, according to President Theresa Press. Conferences held during the summer between directors and city officials, together with decisions effected, will be presented to the general membership for ratification and approval.

The Real Estate Board is endeavoring toward a "no sign" year in Palm Springs on the part of Real Estate Board members Mrs. Press said.

"Representative of the Real Estate profession in this community, we feel that it is part of the job of a leading industry in this area to spearhead any and all movements they can for the benefit of Palm Springs today, and Palm Springs of the future," Mrs. Press explained.

Burning Permit Deadline Oct. 15

An extension of time for burning permits was approved by the city council at yesterday's meeting.

The issuance of the permits was to terminate on Sept. 30, but recognizing that most people are just returning to the Village, the city council approved an additional 15 days of burning. Permits will not be issued after October 15.

Permits for burning can be obtained free from either fire station in Palm Springs.

City Votes \$9150 For Two Trucks

City council yesterday approved the purchase of the low bid of a San Bernardino firm for a new dump truck and water truck for the city's maintenance department.

Both trucks will be GMC automatic drive and will be purchased for a total of \$9,150.

Dodgers Lose 7-3. Drop Full Game Behind Milwaukee

BROOKLYN (AP) — The Philadelphia Phils combined the five-hit pitching of Robin Roberts with some loose fielding by the Brooklyn Dodgers today for a 7-3 victory which dropped the world champions one full game behind the idle Milwaukee Braves. Duke Snider hit a pair of Brooklyn homers.

City Can't Find 197 Trees for Palm Canyon Use

The City of Palm Springs is looking for palm trees, 197 of them.

The trees are to be used on South Palm Canyon Drive, and city council learned yesterday that there is not a supplier in the Southland who can sell this number at one time.

Specifications of the types of trees include 15 to 20 feet tall and of the Washingtonia-Filifera or Washingtonia-Robusta variety.

Because of the difficulty in getting the trees, the council asked the city administration to "go slowly" in gathering the trees, planting them as soon as they were available.

If anyone has trees that the city can use, they are asked to contact Frank Hamerschlag, public works director.

Originator of Fan Dance, Jobless, Leaps From Hotel, is Near Death

CHICAGO (AP) — Faith Bacon, who claimed to have originated the fan dance, leaped from a hotel window today and was reported near death in a hospital.

The dancer, toast of the Chicago World's Fair of 1934, had been unable to find a job.

Disillusioned, she dashed to a stairwell window in the Alan Hotel.

A longtime friend, Miss Ruth Bishop, 40, struggled with the once beautiful dancer and tried to stop her.

But Miss Bacon wrenched free and plunged 2½ stories to the roof

Israel Demands Voice in U.N. Talks on Suez

UNITED NATIONS, N.Y. (AP) — Israel today demanded a voice in Security Council discussion of the Suez crisis on the ground that the Egyptian government has barred its shipping from the international waterway.

The Israeli foreign office issued a statement in Jerusalem directing its delegations to the United Nations to inform the chairman of the Security Council Israel is interested in taking part in the deliberations beginning this afternoon.

Britain and France originally requested today's meeting to discuss Egypt's nationalization of the canal. Egypt submitted a more strongly worded resolution a day later accusing Britain and France of endangering world peace.

The Israeli foreign office took a serious view of the inclination by backers of the proposed Suez users association to overlook exclusion of Israeli shipping from the canal. Israel would like to repeat its demand for freedom of navigation of the canal.

Israeli sources noted that Secretary of State John Foster Dulles, in a television program Sunday, evaded a clean answer to the question of Suez navigation. Israel took such a serious view of this it has instructed Ambassador Abba Eban to postpone his visit to Jerusalem.

Jordan Opens Counter Drive On Israeli

Bitter Fighting In Progress After Hours Of Reprisal Offensive

JERUSALEM (AP) — New fighting was reported at dawn today at Husan where Israeli forces earlier claimed to have killed 50 Jordan soldiers and lost five of their own in a punitive raid.

Details of the new flareup were not available, but it was an apparent counterattack by Jordan's Arab Legion against the Israelis, who made a midnight foray into Jordan territory not far from Jerusalem.

Unofficial Arab reports said "bitter hand to hand fighting" between Jordan and Israeli troops still was in progress hours after the counter attack started. There was no official confirmation of the reports.

ISRAEL ANNOUNCED it had raided Arab Legion frontier posts in the Husan area in reprisal for a Jordanian attack on an archaeological party Sunday in which four Israelis were killed.

An announcement by Israeli Army Spokesman Maj. Dan Gov said at least 50 Jordanians were killed and a vast quantity of equipment destroyed or captured. Gov said the Israelis suffered five dead and nine wounded.

AN OFFICIAL Jordan official said these were 31 Jordanian casualties. He placed the Israeli losses at three times that number. He said "scores" of Israeli dead and wounded were observed being removed from the battlefield by ambulances.

An unofficial Jordan military source said Israel lost 150 and Jordan 21 men in the raid by Israel.

The official spokesman said a second fight took place on the outskirts of Jerusalem Tuesday night when an Israeli force exchanged shots with Jordanian home guards. He said there were no Jordanian casualties in this encounter.

The reported Arab Legion counterattack apparently was the third Jordan-Israeli clash in this period.

Indian Avenue Lights Job Let

Bids for Indian Avenue lighting were awarded by city council yesterday to Harry F. Brewer of San Bernardino with a low bid of \$40,132.32.

This bid was the lowest of seven and the highest submitted was by Merrideth & Sampson Co. for \$52,738.59.

The lights will be installed along Indian Avenue from Ramon Road to Tachewah, and will be cement standards with Westinghouse color corrective lamps.

The bonds for this project were also sold yesterday.

Red Hungary Stops 600 Trains

BUDAPEST (AP) — Communist Hungary today ordered a "temporary suspension" of 600 passenger trains "because of a serious coal shortage."

Mesa Tract Survey Contract Awarded

Fullerist and Brody Co. was awarded a contract by the City of Palm Springs yesterday for a drainage and grade survey of the Palm Canyon Mesa Tract. The Council approved an appropriation of \$4,360 for the survey.

3 City Appointments

Mayor Florian Boyd yesterday appointed William Veith and Glenn B. Watson to the city planning commission, and on the acceptance of the resignation of Gordon Kryson, John E. Hammer was appointed to the Appeals Board.

Mistake Sends U.S. Rescue Ship On Wrong Side of Okinawa in Typhoon

NAHA, Okinawa (AP) — A British ship breaking up on a reef with 34 men aboard miscalculated its position today and sent a U.S. Army rescue tug on a wild goose chase through "horribly rough" seas to the wrong side of Okinawa.

The 10,000-ton Bedford Earl, en route from Japan to Indochina with empty holds, was caught up by typhoon "Harriet" and slammed against an Okinawan coral reef. A U. S. Army spokesman said the ship was still holding together "but apparently they are in a hell of a shape."

THE TYPHOON, which swept Okinawa with winds of from 130 to 150 miles an hour, was reported moving north toward Japan today. It failed to inflict the heavy damage of typhoon Emma earlier this month which caused nearly \$20 million in damage.

Capt. R. W. Thomson radioed that his ship was breaking apart on a reef off northwest Okinawa and the tug raced toward the position in a heroic rescue attempt.

Later a recheck of his position showed he actually was aground off the east coast of the American military stronghold, one mile off shore.

The rescue tug called off the voyage and return to Naha port on the west coast. A U.S. Coast Guard vessel stationed on the east side immediately began a dash to the stricken ship. Air Force helicopters stood by to pluck off the crewmen.

The Bedford Earl was the third ship reported in trouble today. The U.S. Navy tanker USS Tonchoutoula radioed it was taking in tow the Panamanian freighter Venus which was drifting in the Pacific 500 miles east of Tokyo, its propellers lost in a mechanical breakdown. The seas were reported calm.

The 8,918-ton U.S. freighter American Mail went aground off the Aichi prefecture coast Tuesday night but with no apparent damage. It was reported still "stuck in the mud" this morning while the 45-man crew awaited high tide.

Collides With 2nd Auto on Sunny Dunes

Hour of Artificial Respiration Fails to Revive Craig Miller

A six-year-old boy, Craig Miller, son of Mr. and Mrs. Don Miller, 934 San Lucas, died this noon of injuries suffered this morning when he reportedly ran into the side of a car while on his way to meet his school bus.

Driver of the car was Mrs. Mammie E. Reddick, 49, of 690 Calle Palo Fierro.

THE ACCIDENT occurred at approximately 8 a.m., and witnesses reported that the youth crossing Sunny Dunes to meet the school bus, apparently ran into the right rear of the car, was spun several times by the impact, landing in the middle of the street.

He was rushed to Desert Hospital, where efforts continued throughout the morning hours to save his life. He was unconscious and in critical condition on arrival, suffering a fracture of the left leg, concussion, laceration of the head and face, and extreme shock.

Right after his arrival, he was placed in an oxygen tent, as it was difficult for him to breathe.

Artificial respiration was used during the last hour as a final effort to keep the boy alive.

POLICE ARE still continuing their investigation, with the driver of the car not being cited at this time.

Craig was a first grade student in Cahulla School. Survivors include his parents and a younger brother. His father is associated with Weingarten and Hough.

This was the first fatal accident involving a school child en route to school in the history of the Palm Springs Unified School District according to police records.

Fertilizer Storing On Street Barred

Stock-piling of steer fertilizer along city streets yesterday was banned by the City Council with any fertilizer piled on the city's rights of way after this weekend to be removed to the city dump.

Action was taken by the council after City Manager Robert Peterson reported that residents have been writing and telephoning the city complaining of the situation.

The council directed the city administration to notify local gardeners and fertilizer suppliers that they must cease using the public rights-of-way for storage of fertilizer, or suffer the loss when it is removed by the city to the dump.

3-Year Quest For 'Time' Wins

NAPLES, Italy (AP) — Valentine De Sena, 22, decided to turn detective in 1953 when a bunch of hoodlums stole his watch.

De Sena walked the streets daily for three years asking passersby the time.

Pasquale Lepre, 23, gave him the time Tuesday and Le Sena shouted, "Here's my watch," and hauled Lepre to a police station.

Three Mixing Bowls Offered as Bonus To Sun Readers

A new bonus, a set of three colorful plastic mixing bowls, is being offered readers of The Desert Sun.

All that's required for the reader of this paper to obtain the set is six differently numbered Reader Bonus Coupons and \$1.95 (tax included).

The first coupon appears today on Page 2. A total of 14 coupons will be printed. You only need six, however, for each set.

The bowls will be here for you at the office of The Daily Desert Sun, in the Center, 174 North Palm Canyon Drive or 174 North Indian Avenue.

CRAIG MILLER

Kuchel to Help GOP Here Launch Vote Campaign

U.S. Sen. Thomas H. Kuchel, candidate for re-election, will be in Palm Springs Oct. 8, and will help the local Republican Assembly launch the drive for votes at the November presidential election.

Word of the Senator's plan to stop in Palm Springs was received today by Warren Slaughter, chairman of the Kuchel campaign here.

The local Republican Assembly plans to use the Palm Springs Playhouse for the Senator's reception and three hour stay, where he will be offered an opportunity to meet with local voters. His arrival here is set for 4 p.m.

Sen. Kuchel's visit will precede the State Republican Assembly Convention at El Mirador Hotel by one week, at which time it is expected that Vice President Richard Nixon will make a major political address.

According to Slaughter, the public is invited to attend the kickoff rally.

Big Four Envoys Called to Discuss Palestine Fighting

UNITED NATIONS, N.Y. (AP) — U.N. Secretary-general Dag Hammarskjöld summoned the Big Four ambassadors and Jordan and Israel to urgent consultations today on the latest outbreak of Palestine border fighting.

Hammarskjöld called in the U. N. ambassadors as soon as he arrived at headquarters this morning and studied reports on the Israeli reprisal raid on Jordan Tuesday night.

Palm Canyon Water Conduit Work Okayed

As a formality, the city council has accepted the completion of water mains and electrical conduit on South Palm Canyon Drive. The installation will be used for lighting and watering the palm trees which will be put in as soon as available.

County Planners Hear Arguments In Whitewater Zoning Dispute

The public hearing held Tuesday afternoon before the county planning commission on the proposed Whitewater-Thousand Palms District zoning plan which would place a large M-3 area in a W-2 zone pending completion of a comprehensive zoning plan, was continued to Jan. 22, 1957 at 3:30 p.m., following a lengthy presentation of arguments.

"I believe that in most cases if the opponents clearly understood the issue they would not object to the proposed zoning," declared Commissioner L. C. Lewis.

THE LENGTHIEST protest was presented by Al Schaff who owns 112 acres in the East half of Section 23, Township 3 South, Range 4 E along the Southern Pacific railroad. He said much of his property is hilly and he has made careful plans for its future use.

He has spent \$10,000, all of his life's savings, he told the commissioners, in advertising and traveling to contact disabled persons like himself with the idea of furnishing them with jobs, his idea being similar to that of Good Will Industries, and he does not want a zoning change which would prohibit him from proceeding with his project.

Schaff said he already has constructed a warehouse and is in the process of enlarging it; he has contracts leasing portions of his property to a lumber company, a bottle works, and a short wave receiving tower, and is negotiating with two Chicago firms for an assembly type industry. He plans a lake at high level or use of employees, its water to be used by industries on a lower level.

STUART ALLEN voiced the most vociferous protest. Said he, "If Palm Springs wants to run their own township, let them run it, but don't let them come up where we are. It's unfair. As I see it cement is the whole thing. The City of Palm Springs took in part of my property to keep cement out. The cement plant is not a dead thing, I can tell you that."

L. Glenn Switzer, president of the Transit Mixed Concrete Company in Pasadena, told the supervisors his firm has plans for development in the Thousand Palms area. He said he did not have the legal description with him but will send it to the commission. He expressed the belief that the property is within the proposed zoning change area, and said that if it is, he protests. "We have trouble getting cement plants located," he declared.

OTHER PROTESTING the proposed zoning included Thomas Bannon, Paul Unger, H. C. Christy, Theodore Off for the Garnet Land Company, and Micky Caplan, all owners of property in Township 3 South, Range 4 East.

The Desert Sun Plastic Mixing Bowls READER BONUS Coupon No. 2

Every Reader of The Daily Desert Sun can have this set of Colorful Plastic Mixing Bowls simply by presenting 6 Reader Bonus Coupons plus \$1.95 (tax included) at our office.

A differently numbered Reader Bonus Coupon will be published each day, starting Sept. 25 and continuing through Oct. 12. Clip and save these coupons and when you have six differently numbered coupons (they do not have to be consecutive) bring them to The Daily Desert Sun office and claim your set of 3 Colorful Plastic Mixing Bowls.

You can pick up your set starting Tuesday, Sept. 24 from 9:15 A.M. to 5:15 P.M., and each Saturday from 9 A.M. until Noon, or call Palm Springs 5005. All coupons void after Oct. 23.

Thomas Murphy Funeral Rites Set Thursday

Funeral services for Thomas Murphy, 79, 875 Patencia Road, will be conducted at 5 p.m. Thursday, at Wiefels and Son Mortuary Chapel, with the Rev. William A. Blondon, Jr., pastor of St. Paul's in the Desert Episcopal Church, officiating at the services conducted under the auspices of the Palm Springs Masonic Lodge.

Murphy died Sunday at Santa Monica Hospital, where he had been since April when he left Palm Springs. He had been in ill health for approximately one year. Cremation will follow the service.

A native of Kilkenny, Ireland, he was educated in Ireland schools before coming to the United States. He was active in the real estate business in the University District of Seattle, Wash., before retiring in 1946 when he came to Palm Springs.

Murphy established the Theater-In-The-Round in Seattle, similar to the one in Palm Springs, and he was extremely interested in the operation here. He established a dramatic scholarship at the University of Washington.

He was prominent in Masonic work in the State of Washington, and was a member of the Scottish Rite and was a 32nd Degree Mason. He was a past president of the University Lions Club of Seattle, and was an honorary International Counselor of Lions International. Surviving is his widow, Mary M. Murphy.

6 Realtors Here To Attend Parley

Six members of the Palm Springs Real Estate Board will be delegates to the California Real Estate Association convention in San Francisco next week, starting Sept. 30.

Planning to attend are President Theresa Press, Mildred Jackson, Terry Ray, Helen Ray, Betty Luce and John Munholland.

Among the speakers will be Gov. Goodwin J. Knight, "Expanding California," James C. Downs, Jr., president of the Real Estate Research Corp., Chicago, "The Economic Outlook," Gene Flack, New York, sales counsel and director of advertising of Sunshine Biscuits, Inc., "Selling a Shot of Sunshine," and Glenn R. Fouché, president of Stayform Co.

THE SALMAS BROTHERS started on their road to fame last year in the Starlite Room of Irwin Schuman's Chi Chi, where they are currently playing a return engagement by popular demand. Headlining the show is Virginia O'Brien, who is famous as the "Dead Pan Singer." Both are favorites of Villagers.

Dulles Predicts Egypt Will Join Suez Canal Plan

WASHINGTON (AP)—Secretary of State John Foster Dulles said today he believes Egypt eventually will accept "the obligations of interdependence" if the East exercises patience in the Suez Canal controversy.

The secretary said at a news conference he thinks this will happen provided the Western powers refrain from drastic action, such as shooting their way through the canal.

If Egypt does not come to realize it must accept "obligations of interdependence," the upshot, Dulles said, will be that confidence in Egypt will be destroyed and its foreign sources of credit will dry up.

Student From Italy Wins \$16,000 On Quiz Show

NEW YORK (AP)—A 23-year-old coed from Italy won \$16,000 Tuesday night on a television quiz program for her knowledge of American history.

Giovanna Ferrara, a chemistry student at the University of Pavia correctly identified John Adams as the first U.S. President to use Washington as his capital; Martin Van Buren as the first President born after the declaration of Independence; Thomas Jefferson, Henry Knox and Alexander Hamilton as the secretaries of state, war and the treasury in the first Cabinet; and John Jay as the first Chief Justice of the United States.

Hurricane Flossy Leaves Flood Threat in Dixie

By UNITED PRESS Residents of Dixie states nervously watched river levels inch upward today in the wake of heavy downpours brought by hurricane Flossy's invasion.

The hurricane, which fizzled into a band of squalls over Georgia, ended a drought in the deep South, but left a threat of floods.

Weathermen warned of possible flash floods in the Carolinas as the storm crossed the Carolina plains on its way into the Atlantic.

RIVERS IN South Mississippi, Northwest Florida, Alabama, and Georgia rose gradually as they drained a soaking 250-mile area.

Some sections were hit by as much as a six-inch rainfall.

Nixon Deplores 'Extremes' on Both Sides in the Segregation Issue

HOUSTON, Tex. (AP)—Vice President Richard M. Nixon said today that "we must have moderate, steady, advance in keeping with" the Supreme Court school segregation decision "but we must avoid extremes on both sides."

Nixon told a press conference here, that compliance with the controversial decision must be done not by "revolutionary means but by evolutionary means."

He said "we are not going to solve" the problem of racial discrimination "until a change takes place in basic attitudes, in the hearts of men."

HOWEVER, THE vice president told newsmen, he is "tremendously impressed with what some Southern leaders are doing in this field."

He also warned that civil rights "must never become a political football."

Nixon said he was feeling much better after a bout with laryngitis and a virus infection and sees no reason why he cannot continue with the complete schedule of his 32-state campaign tour. He was scheduled for speeches at Springfield, Mo., and Kansas City, Kan., later today.

NIXON SAID he did not mention segregation in his first speech here Tuesday night because he wanted to discuss it fully in a speech at Louisville, Ky., Thursday. But he answered all questions fired at him by newsmen today.

Nicaragua Chief Slightly Better

BALBOA, Canal Zone (AP)—American medical authorities reported Tuesday slight but continued improvement in the condition of Nicaraguan President Anastasio Somoza.

Somoza was seriously wounded Friday in an attempted assassination.

Somoza's daughter, Mrs. Lillian Somoza de Sevilla Sacasa flew in from Washington Tuesday to join her mother.

Sheriff's investigators are working on two theories, murder and accidental shooting by a hunter.

The man, middle-aged, had the appearance of a hobo.

Animal diseases cost livestock producers an estimated \$2,000,000 annually, according to the U.S. Department of Agriculture.

The prosecution rested its case late Tuesday after dramatically producing \$54,548 in crumpled Brink's loot seized last June in an FBI raid on a Boston contracting office.

John A. Lowe, an employee of the Federal Reserve Bank of Boston identified the moldy bills as stolen Brink's money.

Love testified that \$537,800 was shipped to Brink's Inc. on Jan. 17, 1950, the day the counting house was looted by masked bandits.

Knowland Calls Adlai Too Naive For Presidency

LOS ANGELES (AP)—Senator William F. Knowland R-Calif. said Tuesday night that Adlai E. Stevenson was "too naive to be President of the United States" if he was willing to accept Russia's promise that it would halt testing of nuclear weapons.

Knowland told a county Republican meeting that the Democratic presidential nominee had called for discontinuance of atomic and nuclear weapons tests.

The Republican Senate leader charged that such an agreement with the Russians would be "meaningless" unless it included the safeguards of inspection and control advocated by President Eisenhower. He said Russia could violate an agreement to discontinue the tests just as it signed and violated nonaggression pacts with its satellites.

"If Candidate Stevenson does not know this, he is too naive to be President of the United States and commander in chief of our armed forces," Knowland said.

Bullet Wound Found in Body

Desert area authorities were faced with another mystery death yesterday when Dr. Thomas E. Jones, county pathologist, reported that an unidentified man found near Indio Saturday had been killed by a bullet that tore into the top of his head.

Sheriff's investigators are working on two theories, murder and accidental shooting by a hunter.

The man, middle-aged, had the appearance of a hobo.

Animal diseases cost livestock producers an estimated \$2,000,000 annually, according to the U.S. Department of Agriculture.

Passenger-Cargo Atom Ship Near

KANSAS CITY, Mo. (AP)—Undersecretary of Commerce Louis S. Rothschild disclosed Tuesday night that the government has decided to start immediately construction of the nation's first combination passenger-cargo ship with atomic power.

John A. Lowe, an employee of the Federal Reserve Bank of Boston identified the moldy bills as stolen Brink's money.

Love testified that \$537,800 was shipped to Brink's Inc. on Jan. 17, 1950, the day the counting house was looted by masked bandits.

Defense Calls Many Witnesses In Brink's Trial

BOSTON (AP)—Defense attorneys put scores of witnesses on call today in preparing to break down evidence against eight men accused of the million dollar Brink's robbery.

The prosecution rested its case late Tuesday after dramatically producing \$54,548 in crumpled Brink's loot seized last June in an FBI raid on a Boston contracting office.

John A. Lowe, an employee of the Federal Reserve Bank of Boston identified the moldy bills as stolen Brink's money.

Love testified that \$537,800 was shipped to Brink's Inc. on Jan. 17, 1950, the day the counting house was looted by masked bandits.

Adult Evening School Program To be Discussed

Adult evening high school program will be approved by the board of education tomorrow night, on a recommendation by George Mannington, principal of the school.

Recommended dates for the two semesters will run from Oct. 1 to Jan. 18, a total of 73 days; and from Jan. 21 through April 30, a total of 72 days. Under the program a total of 145 days are provided, compared with 128 days required.

REGISTRATION FEES for the school are tentatively set at \$2 and an additional \$5 laboratory fee is required for persons who will study rockology.

The suggested classes for night school and teachers are:

Basic drawing, Gaylord R. Richmond; bookkeeping, Charles McDonald; color photography, Glenn Vargas; comprehensive English, plus creative writing, Mrs. Corinne Sussman; beginning conversational French, Miss Hilda Haig; landscape painting, Wilton McCoy.

METAL SHOP, O. J. Fleisher; mixed chorus, Harry Tomlinson; portrait and still life painting, R. B. McGrew; rockology, Vargas; silver and jewelry, Vargas; beginning conversational Spanish, William Crawford and Miss Haig; typing, Mrs. Ina Adair; United States history and institutions, Crawford; woodshop and upholstery, Christian Collins; consumer mathematics and law, John Wright; creative writing, Mrs. Jane Ball; beginning and intermediate swimming, Miss Doris Toney; sewing, instructor to be named.

Subjects and class time are subject to action of the board of education Thursday night.

Square Dance Classes Set To Start Oct. 1

Beginners Square Dance Class under the City Recreation program will start Monday, Oct. 1, at Frances Stevens School auditorium, from 7:30 to 8:30 p.m.

Oss Mathews, noted caller, will again be in charge of instruction. Intermediate square dance class will be held the same night from 8:30 to 10:30 p.m.

A new club is being formed for advanced intermediate square dancers, which will be held on Tuesday nights at Frances Stevens School from 8 to 11 p.m.

Donation in support of the program will be 50 cents per person.

County Adopts Miles Extension

The route for extension of Miles Avenue (Avenue 45) from Washington Street west of Indio to connect with Highway 111 near Indian Wells was approved by the board of supervisors Monday as well as agreements with interested property owners for improvement of the extension, in accordance with a recommendation by the county planning commission. The route was proposed by Road Commissioner A. C. Keith.

The property owners are to provide or pay for all necessary rights of way of 88-foot width; grade the roadway for one-half mile west of Washington Street; grade right of way and apply necessary gravel sub-base from Washington street to the junction with State Highway 111.

The county is to gravel and oil the half mile west of Washington Street, and provide oil and apply it to the remainder of the extension to Highway 111.

New Assistant Manager Named For Hot Springs

Appointment of Mrs. Muriel Coulter as assistant manager of Holmes Hot Springs was announced this week by the resort's owner, Lynn V. Hull.

Mrs. Coulter will serve as assistant to manager Ray Beals. She comes to Desert Hot Springs from Beloit, Wis., where she was a private secretary for the past 10 years. In Beloit Mrs. Coulter was active in church and organizational activities, having served as choir director and lead soloist in the West Side Presbyterian Church of Beloit. She is a member of the Order of Eastern Star.

Hull also announced an expansion program planned for the near future, at Holmes Hot Springs. Facilities to be added include a snack bar, recreation rooms, additional trailer spaces, and enlarged laundry facilities for the residents.

'Stampede' is Fair Feature

Los Angeles County Fair's "Stampede" with its thrill-packed program of action events which include rodeo stars, Indians and an assortment of clowns, will be a nightly Grandstand attraction through Sunday, Sept. 30.

Leading money winners in the rodeo circuit may be seen at the fairgrounds in Pomona in daily competition. Events on the program include bronc riding, steer wrestling, calf roping, stunt riding and trick roping.

An added feature to the "Stampede" is the appearance of groups from 10 American Indian nations performing colorful ceremonial dances.

Heading the list of stunt riders and trick ropers is movie cowboy Monte Montana.

Desert Zoning Hearing Date Set

Hearing on a petition for a change of zone for property located one-fourth mile north of 36th Avenue and east of Date Palm Drive in the Cathedral City-Palm Desert area has been set by county supervisors for 10 a.m., Oct. 22.

Petitioner for the change is Harry L. Converse of Palm Springs. He asks that the property be placed in a general residential (R-3) zone instead of its present single family residence (R-1) zone. No one opposed the petition at the planning commission hearing.

Wrecking Yard At Whitewater

A permit to operate a wrecking yard on property located on the north side of Highway 60-77-99 approximately one-half mile west of Whitewater Canyon Road and not far from the highway's junction with State Highway 111, was approved by the county board of supervisors this week. It had the stamp of approval of the planning commission.

The permit will expire March 11, 1957.

Parents Club To Meet Sept 27

The board of directors of the Palm Desert Parent's Club met last week and decided to hold the first membership meeting Thursday evening at 8:30, in the Palm Desert Community Church.

All parents are invited and urged to attend to meet the teaching staff of the Elementary School.

Refreshments will be served after the meeting and this social hour will afford an excellent opportunity for parents and teachers to become better acquainted.

Desert Rancher Opposes County Requiring Subdivision Curbs, Gutters

Developers of approximately 700 acres known as Silver Spur Ranch in the Palm Desert area told county supervisors this week they are "deeply concerned relative to contemplated endorsement of a ruling requiring curbs and gutters in outlying desert subdivisions."

"Any program which would make it mandatory for any and all subdivisions to install curbs and gutters would greatly detract from the beauty, charm and value of the desert," declared Adrian Schwilck, straw boss at the ranch.

"People come to the desert for the specific purpose of finding a different type of property and development than they have," said Schwilck, "and the great charm of the desert would be lost if we were compelled to improve our subdivisions to the same extent as those in urban areas."

The maintenance and upkeep of curbs and gutters in the desert area would be a problem, surmised the rancher.

The complaint was filed.

A survey made in the North Central states indicates farm homesteaders cannot or froze an average of 751 pounds of food in 1951, the North Dakota Agricultural College reported.

Federal Right Of Way Granted

County Road Commissioner A. C. Keith told county supervisors this week that the right of way on which they had made application to the U.S. Department of Interior for connection of 48th Avenue to U.S. Highway 60 near Indio, has been approved. The right of way crosses land of the Cabazon Indian Reservation.

Keith's report was referred to the county planning commission.

Aviation historians say Mrs. C. J. S. Miller was the first United States woman to fly in an airplane—Aug. 11, 1906.

Horizon's Party Set for Oct. 13

Horizon Trailer Park's Open House and initial dance of the 1956 season will be held Saturday evening, Oct. 13, instead of Oct. 3 as mentioned in the Mobile Home News last week. Residents of all parks featuring dances are invited to attend.

SPECTRE OF '56 — VOTER LETHARGY
(St. Louis Globe Democrat)

Both political parties are widely troubled over the problem of getting out the ballot this fall in the national elections. The President has repeatedly expressed himself as "worried" about voter apathy.

He showed pointed concern at his recent press conference. Again at the Gettysburg GOP rally, Mr. Eisenhower pleaded for maximum registration, observing that no matter how much political zeal is generated by a campaign, the effort is aborted if the people don't convert their opinions at the ballot box. Time after time he returned to the theme.

There is reason for the pessimism, which disturbs leaders of each party. This week's primaries generally bear out the existence of voter inertia. In Maine, for instance, only about 300,000 of those eligible cast ballots in Monday's contests. And there were more GOP stay-at-homes than Democrats.

The Wisconsin primaries, though heated with a spectacular race for the Republican senatorial nomination, which went to Alexander Wiley, drew a comparatively thin vote. The total is expected to run only 700,000 or 100,000 less than four years ago. This is approximately 33 per cent under the number of registered voters. Little Utah reversed the trend with a record primary tally on Tuesday. But generally the vote tabulations indicate spotty interest and lag-gard enthusiasm.

Because of this apathy, Democratic and Republican parties are conducting a nationwide round-up of voters. More

Americans will be able to vote this year than ever before—if they will register and go to the polls. Population rises assure record eligibility. There will be some 105,000,000 potential voters, 7,200,000 more than in 1952, when 61,500,000 citizens cast ballots in the national election.

But party chiefs are dour over prospects of getting out even an approximation of the '52 record ballot. Mr. Eisenhower showed concern because Democrats are apparently getting more voters to the polls than Republicans are. He emphasized the duty of all to vote, even, he said, if they vote against him.

The Democratic National Committee, for the first time in its history, has appointed a national registration chairman to set up state registration organizations. At White House request, the Women's Division of the GOP National Committee will direct a national registration drive.

Reasons for the lack of voter interest are diverse. Republicans are prone to feel over-confident, considering like a shoo-in. Democrats in many cases feel, as far as the presidency is concerned, nothing but health can stop Eisenhower. Independents are prone to consider '56 a repeat show, with virtually the same cast as 1952. Fat prosperity inclines us to electoral laziness. No vital, stirring, emotion-sparking issues have developed.

But the ballot obligation is as definite, as important as in any year, in any era. Whatever individual persuasion or party tags, Americans owe themselves and democracy a duty to vote Nov. 6.

HATS OF
(Antonito Colorado) Ledger-News)

The Ledger-News takes off its hat to those eight Democratic Senators who demonstrated they had the intestinal fortitude to hold country above politics and helped to vote down a socialistic movement.

When the chips are down a statesman rises above party politics. This was again demonstrated, as men of courage have demonstrated over the years, on the floor of the Senate of the United States recently when eight Democrats refused to go along with their colleagues

to further socialize electric power in America.

Now the Idaho Power Company can go ahead with the construction job it started on the Snake River last November under a Federal Power Commission license so that the people of Idaho and the great Pacific Northwest can have much needed power at the earliest possible moment—at no cost to you and me, the people who, except for the courage of eight Democrats, would have had to foot the bill.

NEEDED SCHOOLING
(From the Detroit News)

It is well to be reminded sometimes that most criminals go free after serving prison terms; that unless their habits and attitudes have been changed, society has gained little.

Competent prison staffs, trained in penology, are important to any program of rehabilitation.

Three Michigan universities have given recognition to this fact. The University of Michigan and Wayne State Uni-

versity are offering scientific courses in penology beginning Oct. 1. Michigan State University will follow. Students taking the courses may obtain masters' degrees.

Prison reforms have been many in Michigan, though often impeded by politics and still insufficient. The lending of a hand by the universities is a hopeful and helpful step.

Society will be the long-term beneficiary.

READER INTEREST
(Arlington (Tex.) Citizen)

One of the greatest fears a newspaper man has to face is when the public stops reading the paper and the writings of the editor.

On this basis, we apparently have no need to fear, for the response to certain of our editorials has been—to say the least—heartening.

When folks call us agreeing with our

WHAT IS RIGHT?
(Canora (Sask., Can.) Courier)

Should I tell my son that the object of life is cooperation and uniformity to the expulsion of individuality and freedom—or should I tell him by developing his individual ability, individual personality as a man that he will be able

stand (and many of them do, thank goodness) we are flattered and pleased. When others call and tell us in no uncertain terms that we are a narrow-minded bigot and incapable of commenting on the affairs of the day, we are equally heartened that people pay enough attention to us to tell us of our shortcomings.

to contribute more ideas and individuality to his community, that he will be better able to follow in the footsteps of the founder of Christianity, who certainly did not believe in conformity yet certainly was willing to cooperate with what was right?

Difficult—This Keeping the Peace

THIS SIDE
of The Sun
By Phat

Let's plan a campaign
Against careless lugs,
Who spoil the desert—
Sloven Litterbugs.

Used to be that every fall the mayor, at the behest of civic-minded citizens, would proclaim Clean-Up Week. Council would cooperate with rubbish pick-up trucks, everybody would pitch in, or hire someone to pitch in, and the Village would take on a spic and span appearance — for a while.

The other 51 weeks, the idea would be forgotten.

SEEMS TO ME that instead of trying to do it all in a week and then letting it ride for the rest of the year, that a more effective method would be to educate one and all that one less discarded cigarette pack, one less gum wrapper tossed on the sidewalk, one more piece of cleansing tissue disposed of properly instead of being tossed out carelessly, a daily or, at least, semi-weekly disposal of cans, soft drink, beer, beans or paint) a riddance immediately of grass cuttings or shrub trimmings, would keep the Village much cleaner than a once-a-year rallying with the rake, shovel, hoe and grunt.

You'd be surprised how it can accumulate in a year.

THE REALIZATION of how dirty some people can get, came once when a summer cloudburst hit the southern canyons when I was living in that section. The desert had looked fairly clean. Guess the shubbery hid the debris.

But when that water came rolling across the desert and spilled out into the open spaces, you should have seen it. Milk cartons, beer cans, a froth of tissue, gum wrappers, denuded cigarette packs, wooden crates and cardboard cartons.

Mesquite Avenue was a mass of rolling debris—and only from a small patch of the desert.

STILL BELIEVE, and more so now, that California has the reputation of being the dirtiest state in the Union so far as Litterbugs are concerned, that a state law should make it compulsory to carry a trash bag in every auto, to be emptied in containers at service stations when purchasing fuel et cetera.

With a stiff fine for non-compliance such as for faulty brakes, bad headlights or other ignorance of safety laws. And then enforce that law strictly. Soak 'em.

THEN THOSE PEOPLE, who walk blithely by a "Keep Your City Clean—Push" container and scatter torn letters, cigarette packs after the last fag is pulled out, candy or gum wrappers, on the sidewalk or in the gutter—they, too, should feel the wrath of the law.

Instead of starting from the top once a year—the Mayor's proclamation—the only way we can keep it clean is for each individual to head a clean-up committee of one.

NATURE GAVE Palm Springs and the surrounding desert a lot to work with.

It's too bad that sloppy Litterbugs are permitted to thwart her.

EARL WILSON:

Valentino Had Sideburns, Too

NEW YORK—Sideburns, huh?

Shucks, I wore them along about 1922 B.P. (before Presley). Fifteen years old and a freshman, I wanted to be a "sheik" like Rudolph Valentino, the Elvis of his day.

I turned to impress high school flappers with rolled stockings, but I hadn't the hair for it. I couldn't grow 'em south of the top of my ear. I was a failure as a sheik.

Our "folks" didn't call us juvenile delinquents then. "That crazy jazz music is doing it," they'd mutter, as parents growl now about rock-and-roll. We didn't have ducktail haircuts, but slicked our hair back with grease—and so much water that on cold mornings we had icicles heads.

And we smoked pretty young (Omars). They blamed it all on Valentino. He had a slave bracelet. He supposedly wore face powder.

TODAY, 26 YEARS after he died at 31, they concede he was a good actor—even if he did wear sideburns.

I found Elvis Presley during a recent visit to be pleasantly humble, using "sir" and "ma'am" to his elders, not smoking even Omars, with his Hollywood colleagues predicting that he, too, will be a good actor.

I think we're always too eager to blast some sudden new sensation. Back in '43 the country did it to Frank Sinatra — today acknowledged to be a great talent . . . and two years ago it was smart to snicker about Marilyn Monroe . . . now compared to Garbo and Chaplin.

American parents are too watchful in my opinion to allow rock-and-roll to ruin their kids. That leaves us with only Elvis' four Cadillacs to discuss—and he told me it was only three: one for Mom and Pop, one for himself, a limousine for the entourage.

I guess we could criticize the make. But suppose you'd just hit gushers in records, movies and TV and had need for three cars . . . what kind would YOU buy? Everybody may answer but Ed Sullivan.

THE MIDNIGHT EARL . . .

Comic Joe E. Lewis' big Copa opening brought out Judy Garland, Edward G. Robinson, the Billy Roses, Darryl Zanuck, Red Buttons, Bobby Sherwood, Celeste Holm, Dagmar, Budd Schulberg, Gregory Ratoff—and Joe's new gal, Karen Hansen, who sat ring-side. Joe E. claimed to have switched from scotch "to vodka and carrot juice; you get just as drunk," he said, "but you see better." When a porter brought him a huge floral basket, Joe said, "Here, boy I want to tip you \$20." He handed him a bill "I owe you \$19," he added.

Erol Flynn, they say, settled his \$150,000 income tax debt. . . . Fran Warren's due to replace Julie Wilson soon in "Pajama Game" . . . Zsa Zsa's sweetie, Harry Karl (Marie McDonald's ex) is Las Vegas' biggest plunger during her Riviera stint . . . Marion Colby was real great at the Copa, singing just ahead of Joe Elvis Lewis . . . Sandu Scott lost out in "Bells Are Ringing" 'cause she looks too much like Judy Holiday, but got in a Westinghouse revue for the same reason.

Jackie Gleason and John Caradine looked like Before and After at The Monsignore . . . Sid Caesar's vowed that this year HE is going to win an Emmy. (Luck to you!)

The Art Buchwalds will adopt their second, a Spanish girl . . . Arline Judge waited till the Pink Poodle closed, then took the bartender and owner to breakfast . . . Richard Bissell (he wrote "Pajama Game") is writing his next aboard a Miss. houseboat.

Katy Jurado went to see her first baseball game and asked, "Wheech wan ees the matador?"

EARL'S PEARLS . . . As we grow older we find that the best time for exercise and a cold shower is some other time.

TODAY'S BEST LAUGH: "With all these confusing weather experts and rain makers, why doesn't someone just talk about the weather instead of doing something about it?"—Judy Tyler

GRIN AND BEAR IT

By LICHTY

"Where is the vaunted initiative, resourcefulness and imagination of the press, gentlemen? . . . Must I always say something newsworthy to make news?"

BILL RASHALL

Unedited

First I saw Joe Joe, the little mongrel purp, sitting on his haunches outside the Indian Avenue entrance of The Desert Sun. I knew then that somewhere in the neighborhood there would be found Joe Portnoy and inasmuch as Joe Joe's nose was pointed in one direction and that The Desert Sun, Joe, his master, would be inside somewhere.

Sure enough, there he was at the circulation counter, his trouser pockets pulled inside out and nickels, dimes and some bills on that counter.

I learned that Joe was buying a subscription to The Desert Sun and was sending it away out to Cocoa, Florida. Why Cocoa, Florida, we asked Joe.

"Well," and he almost whispered, "she's my ex-wife and she gets a big kick out of reading The Desert Sun from cover to cover. I've been paying for her subscription for years now," and he sorta smiled. "She wrote me recently to tell about the mosquitos out there as big as B-52 bombers. Why anybody would live in a mosquito country is beyond me. But that's the way it is, I suppose," shrugged Joe.

Out the door he went and his canine shadow followed, old Joe Joe, the most faithful worshiper that his master has, and believe it or not they both love each other dearly.

AND SURE ENOUGH as I predicted last Spring, Don the Beachcomber would at last try to stay open all year long if, as I reported, an all-year on-sale liquor license could be obtained. Well, Don the Beachcomber now has one of those licenses and I understand it will remain open as long as it is feasible, or good business to do so next summer.

Walked into Bill Oude's cafe the other day and noticed that he too has received a general license, one which will permit him to sell spirits on a 12-month basis.

The total of such licenses now includes The Chi Chi, The Dunes, Howard Manor, Town and Country, the Palm House, Biltmore Hotel and the two mentioned above. That makes eight but sure as you're reading this somebody will be calling me tomorrow to inform me that I forgot to mention the name of their establishment. Your calls are most welcome.

HY FINERMAN, bubbling with enthusiasm (quite a natural trait

with him) announced that he was putting a Western Week Fund contribution barrel or box right next to the cash register in his Ramon Drug Store. "And," declared Hy, "I'm putting in a healthy contribution myself to get the fund started."

Marge Riley, owner of Marge Riley's, owner of a Western wear store, wrote in announcing a \$50 credit for the girl who will be the queen of Western Week.

And by the way, that does bring up a problem for both T. D. McDonald and Cliff Campbell to consider — the queen contest which will end with the selection of a girl to preside over the festivities of Western Week. Thanks, Noel Clark of the Ranch Club, for that booming check you sent in for Western Week.

APATHY IS A disease. It stagnates the mind, immobilizes action to a point where one is in a miasma of stagnation. All of this has to do with people of course. It has to do with people because the majority of us always want or expect the other guy to do something. Something which may be of the greatest importance to us individually, like voting, as an example.

When the wrong guy gets into office we kick ourselves. But we did nothing about voting for the right man in the right place the first time.

The same is true of Western Week. Please don't wait for the next guy to give with a buck or two. Give yourself now and the other contributors will come in. If they don't for a citywide project which is of great benefit to all of us, let them bear the guilt of prideful citizenship in a community of which we are all proud.

BY THE WAY, when Nov. 4 comes around vote "Yes" on Proposition No. 5. It will kill the hypocritical law which requires that you be served a meal before you may order a cocktail before dinner. Another thing too, passage of Proposition No. 5 will keep minors out of restaurants where liquor is served.

There's the guy who was moaning about the pain in his right leg. A friend leaned over and remarked that it couldn't hurt quite that bad. "How come you know," inquired the man in pain. "You can't feel the pain."

"Well, it would really hurt a great deal more if it was my right leg." Corny eh?

Film Shop

By RON BURTON

HOLLYWOOD (P)—James Olson figures that part of any fame he may achieve as an actor will necessarily include names like "face-feeler" and "scratcher." He won't be too disturbed by such names, he says, because he calls himself "Longhair."

Olson knows his self-imposed designation may not seem the best name in the world, but he's proud of it. It all goes hand in hand with his devotion to "realism" in acting.

"Acting to me is an art first, a craft second and business third," said the 25-year-old graduate of Northwestern University. "Anyone who goes into it without trying to learn as much as possible about it is foolish—unless he happens to be lucky or has so forceful a character that his

shortcomings will be overlooked."

Olson won the Edgar Bergen scholarship for acting at Northwestern. He studied hard at the New York Actors Studio. Then he came to Hollywood after success on Broadway.

"The local personality who feels he is an actor but who never studied his art will dub me a face-feeler or a scratcher," he said. "This won't bother me. The guys in the collar ads can have their poise—as a longhair actor, all I want is to achieve realism."

Olson, six-foot-four and slender, is currently in "The Sharkfighters," a Samuel Goldwyn Jr. production in CinemaScope and color. He puts the same effort into acting that he does into other interests such as swimming and tennis, in which he excels.

"I really became an actor because of athletics," he said. "I envied my older brother's ability in sports and wanted to compensate."

"When I told my father—he's a civil engineer—that I was going to become an actor, he opposed the idea."

"Fine, but what are you going to do to make a living?" he asked me.

QUOTES

By UNITED PRESS

LONDON—Sir Percy Spender, Australian ambassador to the United States, explaining the difference between an ambassador and a foreign minister: "Ambassadors are supposed to keep their mouths shut."

WASHINGTON—Adlai E. Stevenson commenting on a remark by former President Truman that Alger Hiss was not a Communist spy: "I have never doubted the verdict of the jury which convicted him Hiss."

LONG BEACH, Calif.—Moshe Bar-Tal, U.S. representative of an Israeli labor organization, stated Western powers can force Egypt's President Abdel Gamal Nasser to compromise on use of the Suez Canal.

"The Western powers can bring Nasser to his knees by refusing to take oil out of the Middle East. We can make a settlement on the basis of oil alone."

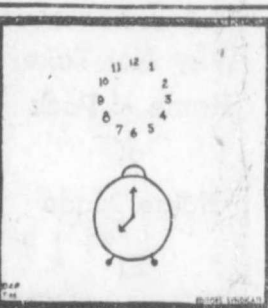

LODI, Wis.—An 88-year-old woman asking permission to ride side-saddle at the Lodi fair: "I am not ready for a rocking chair and don't expect to be for many years."

ENROUTE WITH NIXON—Vice President Richard Nixon refusing to stop campaigning because of a cold: "My health is immaterial."

CHICAGO — Agriculture Secretary Ezra T. Benson on the nation's farm prospects: "You can go broke with high prices if you don't have enough to sell."

Doodles

By ROGER PRICE

"CLOCK WITH ITS FACE LIFTED"

In a Democracy like ours any ordinary citizen can have a sophisticated neurosis or a phobia. All you need is the \$25 to give a Psychiatrist so he can tell you what you're suffering from. However, there are a lot of phobias and if you are not familiar with them you won't know what to ask for and may not get your money's worth. For instance, here are just a few: (1) Claustrophobia—a fear of Santa Claus. (2) Altophobia—a fear of small saxophones. (3) Zsazsaphobia—a fear of beautiful Hungarians. (4) Usherphobia—a fear of necking in the balcony. (5) Burpophobia—a fear of corned beef and cabbage. (6) Presleyphobia—a fear of Elvis. (7) Doodlephobia—a fear of dopey Drawings.

'EL COLORADO,' a symbolic figure carved from black diorite, one of the finest works of Donald Hord, internationally known sculptor, is now on display at DeLuxe Trailer Park. It typifies the American Indian of the Colorado Tribe. (Desert Sun Photo).

Donal Hord Sculpture Displayed On Loan at DeLuxe Trailer Park

Donal Hord, internationally known sculptor, has on loan to the De Luxe Trailer Park, one of his finest works, titled 'El Colorado,' a symbolic figure carved from black diorite.

It typifies the American Indian of the "Colorado Tribe," and authentically portrays the various characteristics and customs of this tribe, with the elements of nature with which the Indian lives in close daily contact, indicated around the base of the sculpture.

This major art achievement of Donal Hord's was delivered at De Luxe Monday, and is placed on a base of simulated natural stone, centrally located in the social area adjoining the community building, where the public may view it during the day. De Luxe feels this is a much appreciated and important contribution to the design of the Park and is especially appropriate in this desert setting.

HORD THINKS sculpture should be carved in the ever-changing sunlight possible in our climate, and says the West is an inspiration for his subject material, and that if one lives in the West long enough and knows the American deserts, he becomes so a part of them he becomes affected by that same symbolism of forces, rather than by an impact of personalities, that affect the ancient Asiatics who passed through there on their way south to develop art in Mexico.

He has lived in the Southwest most of his life, and says the Eastern cities seem more foreign to him than the Mexican states south of the border.

Hord believes that stone with which the artist works, has kinship only with eternity, and that agonies, fears, and tortures should not be depicted, but should express a spirit of timelessness.

LISTED IN "Who's Who in America." Hord received the American Academy of Arts and Letters

Driver License Service to Start

Department of Motor Vehicles will resume its weekly visit here Thursday, Sept. 27, and will continue each Thursday thereafter at the American Legion hall from 9 a.m. to noon, and 1 to 4:15 p.m.

The driver's license service has been discontinued for three weeks, on the annual vacation schedule.

Polio Hits Six Of 11 Children

VERONA, N.D. (AP)—Six of 11 children in the family of Mr. and Mrs. Albert Cox, Verona, were in a Fargo, N.D., hospital today undergoing treatment for polio.

Five of the six victims had received Salk antipolio vaccine. None of the cases was believed to be paralytic.

Mrs. Cox attributed the absence of paralytic polio to the vaccine. "Some of the doctors say the reason the children aren't paralyzed is because of the shots," Mrs. Cox said.

She and her husband admitted that it will be "kind of hard" to operate their farm with the children in the hospital.

Those hospitalized were Ellsworth, 18; Douglas and Francis, 14; Malon, 10; Nada, 8, and Thomas, 4.

Improvement of 800 feet of Rimrock Road at Idyllwild, from San Jacinto Road to Dickerson Road, at a cost of \$2,200 on a cooperative basis was approved by the board of supervisors Monday on recommendation by Road Commissioner A. C. Keith.

The property owners along the road will pay as their portion of the \$2,200, an amount of \$450 estimated to be the cost of liquid asphalt for the job.

Fair Building Contract Lower Than Estimate

Construction contract for an addition to the county fair buildings on the fairgrounds at Indio to house dressing rooms and costume storage was awarded this week to G. Kiefer of Indio who submitted a bid of \$26,347. There were two other bidders, Kretz & Wilson of Indio, \$27,990, and Meredith & Simpson of Thermal, \$31,283.

The contractor agreed to complete the story and a half building on or before Dec. 31 of this year. The structure will blend with the fabulous stage setting for the annual Queen Scheherazade pageant. It will contain 2,500 square feet of interior space.

Cost of construction had been estimated by Herman O. Ruhnau, Riverside architect, to be approximately \$30,000.

Long Time Lost

NEW MIDDLETON, Tenn. (AP)—A wedding ring lost on a farm near here was found after 40 years. Mrs. J. G. Bridges lost it. Edward Bennett, now living on the farm, found the ring in perfect condition in the hog lot recently. It was returned to Mrs. Bridges, now living in Chattanooga.

SLIDE THREATENS HUNDREDS

SLIPPING EARTH MENACES more than 300 homes in the Palos Verdes section of Los Angeles. The crack is two-and-a-half miles long. No immediate reason was discovered in an emergency meeting of engineers. An unidentified man examines crack. (International Soundphoto)

Communications Service Lags In County, Report

Harvey O. Platt, director of the county Department of Communications, told the board of supervisors this week that his department is hopelessly overloaded with work because of lack of help.

"Maintenance neglect will result in costly breakdowns and interruption of vital law enforcement communications services," he declared.

Platt said that after four and one-half months of effort, the county personnel director has been unsuccessful in recruiting a replacement of a radio technician. His request that the "dire need" of his department for additional employees and the extremely difficult recruitment problems encountered be referred to the personnel director for study and report and that this study be given priority, was granted by the supervisors.

The salary of the radio technician as listed in the recruitment bulletin sent to other counties and distributed throughout this state as well as to some other state without avail, lists the salary ranging through five years of service from a beginning \$376 per month to a top \$450.

Celebrities Vacationing In Village

Mr. and Mrs. Edward Dmytryk, Los Angeles, enjoying a breathing spell from "Raintree Country" that he is directing for MGM have been vacationing at the Palm Springs Biltmore. Mr. and Mrs. Alan Freed of Stamford, Connecticut is a well known disk jockey in the east are among other late summer guests.

The charming Donna Atwood, Pittsburgh, star of the famous Ice Capades, has been relaxing around the pool. Among other guests are Jack Hooke, Long Island, and Mr. and Mrs. Chas. E. Leggett, New York City. Roth Herringer Jr. Troy, Ohio, Lawrence D. Lavett, Jacksonville, Florida, J. F. Martin, St. Louis, Texas was well represented with Carroll Shelby, J. E. Moor, W. Fogleson and Mr. and Mrs. M. R. Stephens, all from Dallas. Mr. and Mrs. N. Gulley of Reno, Wendel T. Veach of Phoenix, A. Conneau, Carmel and Mrs. Edward Martin of San Francisco and others.

The Garden Room is so appropriate for special occasions. Mr. and Mrs. Robert Miller were celebrating their 10th wedding anniversary with the Patrick Burkes from Sherman Oaks.

Barbara Wills, Palm Springs, was hostess to Mrs. John Clayton, Hoagy Carmichael, Larry Maix, Frank Lieb, New York City, and Carl Dover, San Francisco. The George Forman's were celebrating his birthday with Dr. and Mrs. Sidney Noles, Palm Springs, Mr. and Mrs. Jerome Evans, Los Angeles and Mr. and Mrs. Bernard Solomon, Long Beach.

Mr. and Mrs. Leo Baker, Mr. and Mrs. Sam Stuart with Jean, Judy and Ronnie Stuart were making it a "double or nothing" party. It was the Bakers' 23rd wedding anniversary and Mrs. Stuart's birthday.

DeVorzon's Due Home Next Month

Mr. and Mrs. Jules DeVorzon who have been in Hollywood most of the summer will return here early in October. Their daughter Barbara who was associated for a time with Harry Bluestone's "Jingle Jangles Incorporated" had her brother Barry's song "Humpty Dumpty," recorded by the Modernaires.

Barry was home on leave from the USS Cogswell before returning on his third tour to Formosa, Japan and Hawaii. He is now stationed at San Francisco until January.

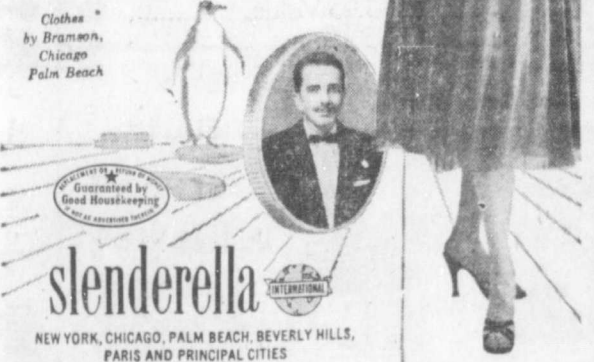

ANNOUNCED THIS WEEK was the marriage of Robert W. Wertz and Ann Wickman, daughter of Dr. and Mrs. Hugh Strathern of Hollywood, which took place in Yuma, Arizona on August 10. The bridegroom and his father A. W. Wertz are the developers and subdividers of Winter Springs subdivision at Persimmon Boulevard and West Drive, in Desert Hot Springs, and the young couple will live in their new house in Winter Springs.

OFF TO THE ORIENT next month are the Dean Vincents of Portland and Rancho Mirage. Here they talk over the route for their six-week trip with Travel Agent Robert Powell.

Surprise Shower For Mrs. DeLong

Mrs. Richard DeLong, wife of the assistant city manager, was guest of honor at a surprise shower given by Marge Wallace and Lorna Beaton at the latter's home at 1441 East Ramon Road.

Games and refreshments were enjoyed by the following guests: Meses. Anita O'Shea, Shirley Dunton, Shirley Marcus, Eva Roach and Eleanor Haddock.

Esther Gilbert of 247 West Stevens Road is home again after a very stimulating three-month trip which took her to many interesting places, included a cruise to South America aboard the Delta Lines.

Dean Vincents Charter Ship for Orient Cruise

In mid-October the Dean Vincents of Portland and Palm Springs, and a party of ten close friends sail from San Pedro on a six week cruise of the Orient.

It will be a leisurely and luxurious trip as the Vincent party has taken over all the passenger accommodations of the 12-passenger Norwegian motorship Vigan. It is the first time in the line's history that a whole freighter has been chartered for a private party.

The Vigan is beautifully appointed with all outside staterooms with private baths, swimming pool, lounge, library and sun deck and everything provided to make the days at sea comfortable and delightful.

The party has reservations for the most luxurious of hotels and restaurants and nightclubs in Manila, Baenjo, Hong Kong, Kobe, Kyoto, Tokyo and Yokohama.

Not all of the trip will be made on the freighter, as they plan to fly from Manila to Hong Kong, and there are many motor tours planned in Japan and Manila. There will be at least one train trip from Kyoto to the ornate resort hotel at Mt. Fuji, and a number of ricksha and small craft trips are planned.

Fishing Trip

Home again after a very successful two-and-half month trip spent salmon and trout fishing on the Columbia River in the Pacific Northwest and British Columbia, are Mr. and Mrs. Adolph Mueller of the Green Gables. The Muellers largest catch was a thirty pound salmon.

Deer Hunters Bag Two Bucks

A deer hunting trip to Lake Topaz was made last week by several villagers. In the party which brought back two five-point bucks were: Mr. and Mrs. Frank Gaudiello, Mr. and Mrs. Joe Poist, Mr. and Mrs. Jimmy Jackson and son Jimmy, Red Kean and son Jackie, Mr. and Mrs. Jack Morey and the Herb Seals of Desert Hot Springs.

Vacation Trip

Mr. and Mrs. Bob Miller of Seattle are spending a week's vacation at the Coco Cabana. He is a pilot with the Northwest Air lines and Mrs. Miller is the former Barbara Siegel whose father is past president of the University of Washington.

The Millers are frequent desert visitors during the winter season.

Around Town

with Hildy Crawford

Part of the fun of the reunion that goes on in Palm Springs each September and October... is hearing about the summer experiences of our winter residents

who scatter all over the world for the summer months... Many of them are already back in residence... and all over the Village homes are being refurbished as others are due to arrive shortly... European countries have been over run with Palm Springers this summer... and the Scandinavian countries and Hawaii have been other popular vacation spots... Now they are coming home... with colorful memories and new ideas... that add so much to the cosmopolitan background of the casual Palm Springs way of life...

Colonists are gradually returning to their homes at Smoke Tree... and with the opening of their 26th season set for November 2, a new issue of The Desert Rat is in the mail... with summer news of colonists and guests...

Hilde and Curt Besser made several trips to the Ranch this summer... and visited friends at Lake Tahoe... Grace and Capt. Johansen visited his family in Sweden and toured Norway, Denmark and Holland... and wound up their European visit with a fortnight in Switzerland... with Max and Emily Schwab showing them around... The Schwabs welcomed a number of Smoke Tree visitors this summer... and managed some touring themselves, visiting Holland, Denmark, Sweden, Belgium and Luxembourg...

Marge and Jacques Crommelin visited Spokane, seeing family and friends... then proceeded to Lewiston, Idaho for a two-week trip up the Snake River into Hell's Canyon (we saw this too this summer... and it's an impressive trip even by car)... The Crommelins traveled on the weekly mail boat... They spent most of the summer at their Jackson Hole cabin.

Dr. and Gladys Warren had a four month around-the-world cruise... coming home via Cuba and the Panama Canal... After their daughter Cynthia's marriage in June... Betty and Dalton Garstin summered in Salisbury, Connecticut... and this month took off for Spain and Portugal, motor-ing with friends... The Louis Earle's daughter Betty was married to Clive Nixon Ross in July... and the Earles go to Texas to see his alma mater, the University of Texas play USC... before coming back to the Ranch...

Jane Gilmore, Dorothy Hoover and Alice Biddle sail next month... for Honolulu, Japan, Hong Kong and Bangkok... The Fred Markhams, who went to Africa and other interesting spots like Cairo and Istanbul in the spring, have been at Balboa Island this summer... and the Hoyt Leisures left September 15 for Canada to attend the Occidental Life Insurance Company convention in Quebec... with plans to fly to Europe afterwards... They'll arrive at the Ranch in November...

So you see, Smoke Tree Colonists... like other winter residents of Palm Springs... have been all over the world this summer... and are beginning to head for their beloved desert...

Bob Palmer is back in the Village... returned from his summer home in Rockport, Massachusetts on Cap Ann... Bob's son Joseph Palmer II has just been named Deputy Assistant Secretary of State for African Affairs... A career Foreign Service officer since 1939, he has been director of the office of European Regional Affairs since October, 1953... and before that had four years duty in the U.S. Embassy in London... The diplomat, with his wife and three children, lives in Washington, D.C... He is a brother of Mrs. Robert D. McKenzie of San Lorenzo Road...

Now it can be told... that the Palm Springs Biltmore was the undisclosed locale for the honeymooning Louis B. Minters... The bride is the former Doris Koenig from St. Louis, syndicated newspaper columnist... and Minter is a prominent attorney in Los Angeles... They will make their home in Beverly Hills...

Desperate Dad Caught After Bank Robbery

SHERIDAN, Ill.—A desperate father who said he "got in debt trying to support my family," was captured a half hour after robbing the Sheridan State Bank of \$7,012.

Police arrested Fred Jovanovich, 37, at his home in nearby Ottawa, on a tip from a suspicious woman who said she saw him flee the bank carrying a paper bag. Jovanovich admitted the robbery, authorities said.

HIS WIFE SAID the holdup was a case of "robbing her to pay Paul." Mrs. Jovanovich, mother of their two children, 5 and 9, said she knew nothing of her husband's plan to rob the bank. "I planned this robbery for a month," Jovanovich told police. "I got in debt trying to support my family. I tried gambling but lost. Then I began thinking."

"I decided a bank robbery was the only way out for me," he said. "It was to be a single try at crime."

POLICE FOUND a paper bag stuffed with the bank funds Jovanovich's car together with an empty revolver used in the hold-up.

Mrs. Louise Robinson, who of a hardware store owner located next to the bank, said she saw a man enter the bank and then hurry out with a paper sack.

She wrote down the license number and description of his car, and entered the bank to find the bank president and two employees in a vault. Mrs. Robinson frisked them and turned her information over to police.

County to Take Indio Farm Labor Camp Project

Use of the farm labor camp near Indio for housing of low-income agricultural workers and their families will continue as a result of action this week by the county board of supervisors authorizing George W. Scott, executive director of the Housing Authority of Riverside County, to file a request with the Public Housing Administration that the labor camp project be transferred to the county housing authority.

Scott told the supervisors that whenever the camp is not filled with low-income farm workers, other low-income persons and their families will be given consideration by the housing authority. The housing of farm laborers in the Coachella Valley area has long been a problem. For a while things got out of hand at the labor camp due to management difficulties and its use was not restricted to farm workers.

The property transfer will not make any noticeable change in the present running of the camp nor will it alleviate the problem of housing transient farm workers who journey to the valley during various harvesting seasons.

Extra Fair Help Request Studied

County supervisors this week sent to the personnel director a request by County Fair Manager Bob Fullenwider that he be authorized to employ extra help for operation of the annual county fair and date festival at Indio on the basis of prevailing rates rather than by comparison with permanent positions in county employee classified services.

Fullenwider pointed out that extra help positions are numerous during the fair and with the exception of one or two, do not fit positions classified in the county plan.

Cities to Have Teletypewriters

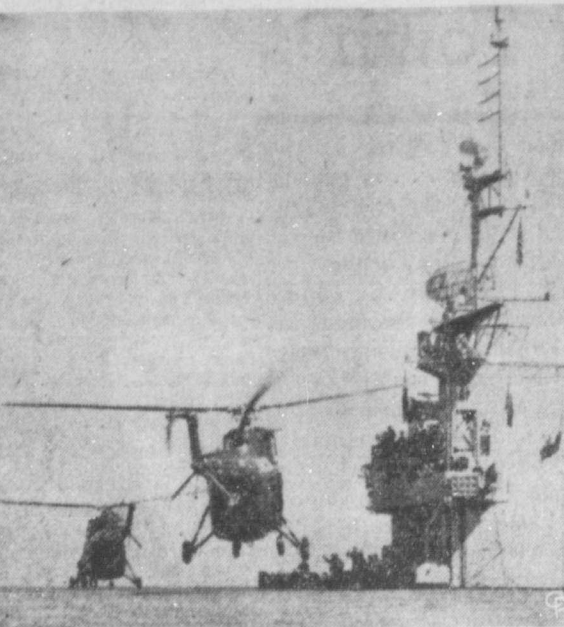

A contract by the county with the Pacific Telephone and Telegraph Company for operation and maintenance of a teletypewriter service to operate from the office of the county sheriff at Riverside furnishing service to cities throughout the county was authorized by the supervisors this week.

Cities with which the county will enter into agreement for the service are Corona, Riverside, Blythe, and Indio, each to pay a monthly fee of \$60; Elsinore for a monthly fee of \$30; and Banning, Beaumont, each for a monthly stipend of \$20. Other cities may avail themselves of the service.

In addition to the regular monthly charge, each of the seven first cities will pay \$61 for the cost of installation; other cities will pay \$60. Also, each city will pay charges for all teletypewriter messages originating from its station.

The agreements will become effective when installation has been completed and will expire June 30, 1957. They may be extended for yearly periods thereafter.

FIRST HELICARRIER IN ACTION

Palm Desert

By GRETCHEN CHEESEMAN

Mrs. Isabelle Belyea flew in from Hawaii Saturday, after spending two months in the Islands. Her elder daughter and small grandson came back with her.

Mrs. Joan Wyman of Beverly Hills has moved to the desert to become a full-time resident. She is in the Carl Henderson Realty office where she will carry on with her insurance activities.

Bill and Virginia Parker entertained with cocktails for Dr. and Mrs. Harold Cantarow, bridal couple from Hollywood. The following day they gave a birthday party for Virginia's mother, Mrs. St. John Fields, who recently arrived from England to visit them.

Mrs. Duncan Crux who has been a guest at Desert Patch for several weeks while looking for a home here, purchased the Ned Blake house on Joshua Tree Street and will move in very soon.

Mr. and Mrs. Earl Obern spent part of the summer in San Diego, Santa Barbara and San Francisco. They are the grandparents of a new grandson, whose parents Dr. and Mrs. Alfred Obern live in Washington, D.C. Dr. Obern is on the staff of George Washington University there.

Mr. and Mrs. Ed Gardner have returned from a week's visit in Balboa. They visited with friends there who on a sailing yacht which made for a perfect outing.

Mr. and Mrs. Ralph Hale are making preparations to open a men's and boys' shop in the Patio Shops. The Hale own and operate a department store in Montrose.

Mr. and Mrs. Henry K. Cheesman have returned from their summer vacation and have opened their Sun Lodge for the winter. This couple celebrated a wedding anniversary on Sunday, and attended a small dinner party at Shadow Mountain Club, given by several of their friends.

Mrs. Margaret Esty returned to the desert last week, after a summer spent in Beaumont and San Diego.

Dudley Steele returned on Friday from a business trip to New York, Washington and Baytown. It was more or less of a mission, as he is attempting to obtain industrial tenants for airports that are controlled by Riverside County under the direction of the Riverside County Airport Commission, which is trying to maintain airports without cost to the taxpayers. He contacted at least a dozen aircraft companies, as well as the Army, Navy and Marine Corps.

Ken and Bill Roberts, sons of Mrs. Helen Roberts, are off to college. Ken will attend San Diego State and Bill goes to San Diego Junior College.

Mr. and Mrs. Edgar Schill are occupying their new home on Peppertree Drive. Their daughter, Marcy, is attending Chaffee this year.

Guests at Shadow Mountain Terrace include John D. Heaume, Mr. and Mrs. R. W. Smith and Dick and Jean Smith, Joan and Bob Riely, Verlee and Bill Barnes, Mr. and Mrs. Jerry Grabber and Mr. and Mrs. George D. Barnett and son, Jerry.

Mr. and Mrs. Joe Allabough of Hollywood will arrive here next week and will occupy the Ed Seagrand home on Shadow Mountain Drive. Mr. Allabough and Mrs. Sergeant are brother and sister. The Allaboughs expect to be here two weeks or more.

Court Battle Forecast Over Netcher Estate

CHICAGO (AP)—A long court fight was forecast today over a judge's decision recommending a \$12,500,000 inheritance be withheld from beauteous Mrs. Mollie Netcher Bragno.

The decision, handed down Monday by Superior Court Judge George M. Fisher, upheld a recommendation made originally by a master in chancery, who found that Mrs. Mollie Netcher Newbury, Mrs. Bragno's grandmother, had mismanaged the estate left her by her merchant husband.

Upon Mrs. Newbury's death the estate was left half to Mrs. Bragno and half to Townsend Netcher of Palm Springs, with the provision that upon his death his share would revert to Mrs. Bragno. Townsend Netcher died in Palm Springs less than a month after his mother's death and court suits developed.

BUT LLEWELLYN WESTCOTT, the master in chancery, found that Mrs. Newbury had violated her late husband's will by not selling out his store, the Boston Store, in 1923, and by not putting all the profits from the estate to a trust. The findings came as result of a suit filed by other relatives.

Fisher ruled that the money should be paid back into the estate left by Mrs. Newbury's first husband, the late Charles Netcher, Sr.

THIS WOULD APPARENTLY ensure that Mrs. Bragno would get back part of the income from the estate, but that four other heirs would share it.

Among the other possible heirs are Townsend's sister Mrs. Ethel Netcher Chagnon, of Rome, Italy; Rozita Dolly Netcher; Townsend's first wife, Gertrude Selby Netcher, who filed suit; and Townsend's widow, Harriett Netcher, now the wife of Arthur Little; and Mrs. Joe Bushkin, sister of Molly Bragno.

ADLAI HITS IKE'S GOLF AGAIN

POSING WITH A HUGE BAG of seed "for the White House lawn," is Adlai Stevenson, Democratic candidate for President, and James Carey, president of the I.U.E., an Adlai supporter. Picture taken in Washington. (International)

Tree Removal Start of End

It is believed by many court house observers that the removal of two beautiful large Bunya trees, long a part of the county court house setting, from the front lawn on Main street in Riverside, will hail a proposal by some taxpayers to extend the court house to the Main Street sidewalk, doing away with the spacious (shaded up to now) lawn, and putting an end to the traditional beauty of public buildings and grounds.

Robert M. Howie has said that "a close examination of the trees fails to indicate presence of any

insect or disease which would cause serious trouble," but Supervisor Roman Warren who instigated the investigation of the trees fears the trees which now lean toward the court house will one day fall, and so the board ordered their removal Monday at a cost of \$400.

Howie declared that the trees are exposed to the wind and lean southeast, but are "not susceptible to falling from high winds."

It requires about 45 gallons of water to fill completely an average-size bathtub.

Service of Feast of Tabernacles Announced for Local Temple Isaiah

Schedule of services for the last days of the Feast of Tabernacles (Sukkot) has been announced by Rabbi Leon W. Rosenberg of Temple Isaiah, 332 West Alejo Road.

Sh'mini Atzeret Eve observance will be Wednesday at 8:15 p.m.; the morning service on Thursday at 10 a.m. will include special memorial services; at 7:15 p.m., Thursday, will be the Simchat Torah Eve services, and the concluding service will be Friday at 10 a.m.

"Simchat Torah," a time of rejoicing for the young and the young at heart will be celebrated at a traditional service at the special hour of 7:15 p.m. to enable families to attend with children on Thursday.

The highlight of this service is the "Hakofot," the Torah procession accompanied by a flag procession by the youngsters. This signifies the rejoicing of the Jews in their law and their expression of thanksgiving to God for his

great bounties. Signifying as it does the spirit of rejoicing, this holiday service departs from the usual solemnity and gives way to an expression of happiness and gaiety.

Regular Friday evening services will be conducted at the Temple at 8:15 p.m. A feature of this week's service will be a consecration ceremony formally initiating students who are just starting the Religious School classes or have been transferred from another school. Each student will receive a Torah scroll.

Memorial services will be held on Thursday morning, at which time prayers will be offered to the memory of departed dear ones.

80 Still Too Fast WATERTOWN, Conn. (AP)—A judge said Clement R. Goulet deserved a \$90 fine even if he was telling the truth when he said he was going 40 miles an hour slower than reported by the arresting officer. The policeman clocked him at 120 mph.

TODAY'S SPORTS PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Pat. Off.

NEW YORK — Fraley's follies and the weekend football "winners" — plus a few added comments on the still simmering National League pennant race.

Georgia Tech over SMU—Tech is a shaky one touchdown favorite on a close win over Kentucky while SMU beat Notre Dame. But the Irish aren't as rugged as expected as this one may show.

Tennessee over Auburn—A pick 'em contest but Johnny Majors operating out of the Tennessee tailback slot should make the difference.

PENN STATE over Penn — In the NL, looks like nobody wants to win.

Pitt over Syracuse—The Dodgers act like upset rookies. The Rutgers over Princeton — The Braves look like bored vets. Colgate over Cornell — Somebody's gotta get mad.

Also: Columbia over Brown. Navy over W&M. Army over VMI. Boston U over Massachusetts. Yale over Connecticut. Delaware over Lehigh. Holy Cross over Dayton. Albright over Muhlenberg. Bucknell over Gettysburg and Temple over Lafayette.

MICHIGAN OVER UCLA—The Braves hit like Poworth Leaguers. Illinois over California — Lew Burdette seems to have lost it. Iowa over Indiana—Dodger base running has been pitiful. Ohio State over Nebraska—For

a big winner, Newcombe leaves me cold.

Also: Purdue over Missouri. Wisconsin over Marquette. Northwestern over Iowa State. Colorado over Kansas State. Tulsa over Cincinnati. Kansas over COP and Detroit over Villanova.

MICHIGAN STATE over Stanford—Reese looks apologetic at bat USC over Oregon State — Gil Hodges is too nice for his own good.

Oregon over Idaho—Campanella is pitiful with bad hands.

Washington over Minnesota—Only Robinson acts like a pro. Also: Utah over Montana. Washington State over San Jose State. Wyoming over Denver.

Miami over South Carolina—Ed Matthews stands on dime.

Maryland over Wake Forest—Joe Adcock is a guess hitter. Florida over Clemson—Johnny Logan is the only one with fire.

Kentucky over Mississippi—Hank Aaron needs some of Willie Mays' dash.

Also: Georgia over Florida St. Texas Aggies over LSU. Vanderbilt over Chattanooga. North Carolina State over VPI. Duke over Virginia and West Virginia over Richmond.

OKLAHOMA OVER North Carolina—Fred Haney runs in pitchers like a football coach. Baylor over Texas Tech—Walt Alston looks like a stranded stranger.

Arkansas over Oklahoma Aggies—Maybe you don't agree. Texas over Tulane — But its grandstand managers have our rights, too.

Also: Houston over Mississippi State. Texas Western over Abilene Christian and Arizona over South Dakota State.

Heavyweight Tilt Tonight to Draw 10,000

PITTSBURG — Freakish Tommy Hurricane Jackson and burly Bob Baker meet tonight at Forbes Field in a return 12-round fight designed to produce a 1957 heavyweight challenger.

The promoters hope for 10,000 fans and a gate of \$55,000 despite a boycott by the Teamsters' Union.

Big Bob of Pittsburg, the target of the union's ire, is favored at 8-5 although he lost a disputed decision to lanky Jackson of Far Rockaway, N. Y., at Madison Square Garden last Feb. 3.

CONTRASTING WITH the odds, today's ring ratings show Jackson ranked third among contenders; Baker fifth.

Tonight's winner is expected to challenge next year against the victor of the nearly closed December fight between Archie Moore and Floyd Patterson for the vacant crown.

THE TEAMSTERS' Union accuses Baker of driving a truck during a Pittsburg department store strike three years ago, however, the union's action against Baker has been limited to a mail boycott at the earnest request of Mayor David Lawrence.

Tonight's fight is slated for 12 rounds and will be televised and broadcast nationally over ABC networks at 10 p.m. EDT. However, there will be a TV blackout on a radius of 100 miles.

Babe Didrickson On Critical List

GALVESTON, Tex. — Mrs. Babe Didrickson Zaharias, the famed woman athlete, has been placed on the critical list and her physicians fear the end may be very near.

More than 95 per cent of Kansas is devoted to farmland.

SPORTS in the SUN

Newcombe Must Back Up Maglie's Dazzler Today

By FRED DOWN
United Press Sports Writer

It's up to Don Newcombe and the embattled Dodgers to see today that Sal Maglie didn't pitch one of baseball's all-time masterpieces in vain.

Given a reprieve by the 39-year-old Maglie's 5-0, no-hit triumph, the Dodgers sent Newcombe against Robin Roberts and the Philadelphia Phillies today in an effort to sweep the two-game series and go back into a tie for the National League lead with the idle Milwaukee Braves. A loss would drop the Dodgers a full game behind the Braves with three games left for each.

"THAT NO-HITTER won't be worth a nickel if we don't win Wednesday," said Jackie Robinson in the Dodger clubhouse Tuesday night. "But we can't let that happen. We've just got to go on now and take it all."

For Maglie, meanwhile, there was the honor of having pitched the most spectacular "clutch game" the majors had seen in 48 years. Not since Cleveland's Adie Joss pitched a perfect game against the White Sox in the decisive game of the 1908 American League pennant race had a pitcher turned in a no-hitter with so much riding on every delivery.

IT WAS A GAME the Dodgers had to win because Warren Spahn, another great old pro, had pitched the Braves to a 7-1 victory over the Cincinnati Redlegs Tuesday afternoon. The victory all but

mathematically eliminated the Redlegs from the race.

In this situation, the amazing Maglie — a one-time "Mexican jumper" and later the most famous "Dodger killer" of 'em all as a star pitcher with the hated Giants—achieved his finest hour. He walked only two batters and hit another in setting down the Phillies with a total of 110 pitches. It was his 12th victory since joining the Dodgers from the Indians on May 16.

SPAHN'S SPLENDID effort enabled the 25-year-old Milwaukee southpaw to reach the 20-victory mark for the seventh time in his career—a feat which previously was attained by only Grover Cleveland Alexander, Christy Mathewson, Walter Johnson, Eddie Plank, Lefty Grove and Bob Lemon.

Spahn yielded only six hits and one walk in chalking up the 203 win of his career.

Johnny Antonelli won his 19th game as the New York Giants routed the Pittsburgh Pirates, 10-0 and Don Kaiser pitched the Chicago Cubs to a 6-2 decision after the St. Louis Cardinals turned in a triple play en route to a 5-1 win behind Lindy McDaniel in other National League activity.

IN THE AMERICAN LEAGUE, the champion New York Yankees downed the Baltimore Orioles, 11-6, as Bill Skowron drove in five runs with a single and a double. Mickey Mantle appeared only as a pinch-hitter again and kept his average at .355—six points ahead of Boston's Ted Williams.

Compton Among 3 Junior Rose Bowl Contenders

By UNITED PRESS

Coach Tay Brown's Compton Tartars today were among three powerful Southern California junior college teams already eyeing a bid to the 1956 Junior Rose Bowl football game.

Compton, the 1955 Junior Rose Bowl champs, smelled roses last week in knocking over a strong Bakerfield team. The Tartars get a chance to test their power again this weekend when they host Oregon Tech.

Although it's too early in the season to predict winners, both Antelope Valley and Santa Monica also have been rated as possible Junior Rose Bowl material. Antelope, loser of only one game last year, easily dumped Eastern Arizona last weekend and Santa Monica defeated Ventura.

Antelope Valley, however, faces a rougher foe Thursday night when it meets San Bernardino on the latter's field. Santa Monica also will get its share of competition Saturday night in entertaining Sacramento Junior College.

Pasadena City College swings into action Friday night against East Los Angeles in the Rose Bowl. Although Pasadena hasn't

played a game, the school has been rated third in the nation by the All-American Index.

BASEBALL STANDINGS

Fight Results

LOS ANGELES—Rudy Garmus, 126½, Los Angeles, knocked out Jose Torres Lopez, 124, Mexico City, 1.

THIS IS WHERE TOMORROW STARTS

"A new inner car" gives you a NEW KIND of FORD for 1957! Coming October 3rd

On Wednesday, October 3rd, Ford Dealers throughout the United States will unveil a new kind of automobile!

Cars are involved in every American's life. News of a new kind of car is the biggest kind of news to millions of Americans.

The Big New Kind of Ford is that kind of news... a car totally new in design from crest to trunk lock.

This completely new automotive package will sell at the traditionally low Ford prices.

This makes possible a new high standard of such honest-to-goodness value that it actually increases the purchasing power of your automobile dollar.

When you see it, other cars will look out of date, because...

This is Where Tomorrow Starts... with a Big New Kind of Ford!

The New Kind of Ford is the fullest, most eloquent expression of Ford's special personality—the youthful grace, the whiplash action, the reputation for durability known wherever there's a road.

To all this we have added true elegance—a kind of elegance never before seen in the low-price field.

Elegance is more than skin-deep. Modern design goes far deeper than chrome trim.

To make a car truly elegant, you have to start deep down inside.

The New Inner Ford

The Inner Ford—the car you cannot see—is a very remarkable structure. Its frame is actually a cradle. Side members extend almost the full body width.

The driveshaft has been lowered to connect with the differential, virtually at its lowest point. This is one of several factors that makes practical the lowering of over-all height by as much as 4 inches.

The side rails, extended almost full body width, serve not only as supporting members but as concealed side bumpers of immense strength.

The New Ford Body

The new Ford body is a triumph of engineering in steel—steel cushioned for luxury, steel insulated against sound, steel joined to steel for tremendous strength, steel designed to give you greater safety.

The doors close with the solid finality of a bank vault. Even the door-lock button has been moved up front—easier for you to reach, but out of the children's reach.

The new body is mounted on twenty live-rubber mounts to keep your ride silent, solid and secure.

All these features were engineered so you a solid new kind of comfort.

The New Ford Ride

The way a car rides is more than the way it moves—it starts with the way it sits.

The New Kind of Ford sits six people as no other low-priced car has ever sat them—six elbows wide in each seat, with deep space around each one of six knees. And above all that space, there's hat room to spare for all six passengers.

With that sitting basis, the engineers then designed the new rock-solid velvet road ride.

The 1957 Ford rides low, solid, with a firm, deep road-holding feel. Yet it's a light-hearted, right-hearted ride—this car is responsive, nimble, agile, with a proud easy movement through traffic and away to the head of the turnpike.

The New Ford Choice

Ford offers not only one, but two sizes of cars... each on its own extended wheelbase... each with its own body shell... each with its own styling.

First, the two Fairlane Series on a 118-inch wheelbase. The Fairlane 500's come in 5 body types, a four-door sedan, a two-door sedan, a two- and four-door Victoria with no center pillars, and a convertible coupe. The same body types (except for the convertible) are available in the Fairlane Series.

Both Fairlane Series introduce an innovation through the use of special window ornamentation and narrow center pillars. Both the four-door and the two-door sedans have true hardtop styling.

Second, two Custom Series mounted on the 116-inch wheelbase chassis. In the Custom 300 Series, a four-door and a two-door sedan are distinguished from the Custom models by more luxurious interiors and elaborate trim. The Custom Series includes a Business Sedan.

The Custom 300 and Custom models are lower, heavier, and livelier than any cars selling in Ford's price range today.

Beyond all these, you also have your choice of five Station Wagons—the famous glamour cruisers that are the champions in this field!

The New Ford Look

That low, low cradle-span frame means a low, low car. The Fairlane 500 is only four feet eight inches from road to roof! The Custom is just over four feet nine!

The New Ford is not only low—but long. Ford gives you more than 17 feet of elegant length in the Fairlane Series.

a shade less in the Custom. And all that length and lowness is shaped in a design that is wonderfully, radically new in American automobiles!

Its personality is glittering, sophisticated. It's a nice kind of fun just to look at it.

It's high-priced in every way except price.

The New Ford Performance

If you're a bug on horsepower and like it big, the new Silver Anniversary V-8's are for you. You can have up to 245 wonderful Thunderbird horsepower in any Ford model. There's a moderate—and really moderate—extra charge for this engine of 312 cubic inches with its 4-barrel carburetor. It's the honey of them all.

For "Six" lovers, we've got a beauty, too—the 144-hp Mileage Maker Six. Whether you choose Six or V-8, the going is great!

Here is where your own tomorrow starts

It starts at the nearest Ford Dealer's showroom!

The cars will be there on Wednesday, October 3.

They will be standing still on the floor—but they will seem to be moving, for they have a quicksilver kind of beauty that just doesn't stand still.

Every line has a "machined rightness" to it, the sharp clear-cut stamp of beauty wrapped around power.

These are the best Fords of our lives.

They are the first symbols out of Detroit of the new automotive age that is beginning for you.

1957 came early this year.

This is where tomorrow starts—at your Ford Dealer's.

This is when your tomorrow starts—October 3rd.

Come in and see us for the Big New Kind of Ford!

Oklahoma Out for 31st Straight Victory Sept. 29

UNIVERSITY OF OKLAHOMA Sooners, who have gained the top rung in collegiate football under Coach Bud Wilkinson, will be aiming for their 31st straight victory when they take on North Carolina September 29 at Norman. The Sooners are again led by the touchdown twins, Tommy McDonald and Clendon Thomas, who scored 25 touchdowns for the Sooners last year. The Sooners have played 53 consecutive Big Six and Big Seven conference games without a defeat. (International)

DAILY CRYPTOQUOTE — Here's how to work it:

AXYDLBAAXR
is LONGFELLOW

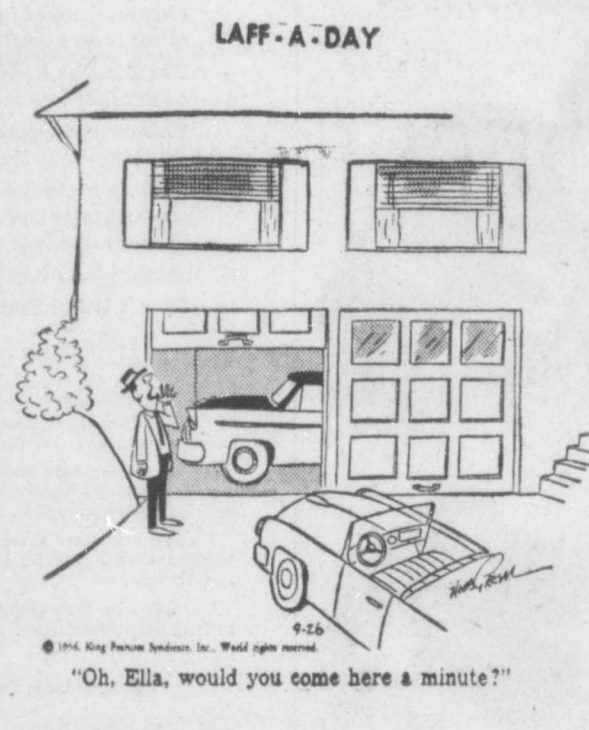

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

HNZWAO WH XAC FDWAO. NAE
EXWAO WH NAXFDCK—TXAFNWOAC.

Yesterday's Cryptogram: HE THAT HAS PATIENCE MAY COMPASS ANYTHING—RABELAIS.

Carson Struck Out on TV by Filmed Serials

By ALINE MOSBY
United Press Hollywood Writer
HOLLYWOOD 28—Johnny Carson is sad to report he's struck out for the second time on television, this time by what he fears is a menace to viewers: Reruns of filmed serials.

The affable comedian with the college-type face and easy humor was launched on CBS-TV a year ago on a night show. Last spring that stint was cancelled and Carson moved to a different daytime program.

But after 13 weeks he finds himself without a show. The network sold reruns of "Our Miss Brooks" to a sponsor so the Carson show ends this Friday—despite its good rating and good review.

"IT'S THE NEW cycle on TV, filmed programs and reruns," Carson mourned as he waited back stage for his daily stint. "This means somebody who is trying something fresh in a live show, something different from quiz programs, is taken off the air."

"The networks are flooding the daytime with reruns. Next we'll have 'Miss Brooks Returns Again, and Again and Again.'"

Carson particularly is frustrated about this new twist of fate because his program had one of the top daytime ratings. His August Nielsen rating was 5.9 which he says was better than NBC's Tennessee Ernie Ford show.

"THE MAIL WAS great," Carson went on. "Many women wrote how glad they were we didn't insult their intelligence or play down to them."

"It seems so unfair to pull the rug out from under us. This has happened to other shows, too, such as 'Four Star Theater.' With the movie studios dumping their major backlogs on television, what will happen to the live shows?"

"I think TV should have a certain amount of live entertainment. Film just doesn't have the same impact."

CARSON FIGURES the cancellation of the show may have a gold-plated lining for him. He's received offers to appear in movies and also do night club acts in Las Vegas, Nev.

"Of course, I'm still under contract to CBS so I'll do guest shots for them, beginning with the Ed Sullivan Show on Oct. 14. It might be a good idea to try a little bit of everything now."

Carson adjusted his tie before facing his TV cameras and added cheerfully, "Sure, this is a blow to my ego. I don't understand it. Even people at the network say they can't figure why this happened."

"But I'm not defeated — just unhappy. If you get bitter about it, you hurt nobody but yourself. Something good may come out of this. I know—the network should subsidize comedians!"

No Parking Text
TULSA, Okla. (AP)—When traffic got to be a bother in front of John Knox Presbyterian Church, the Rev. William S. Findley consulted the Bible. The result: signs which read, "Thou Shalt Not Park."

'MISS AMERICA 1956' IS WED

WEARING CROWN received in 1956 when she became "Miss America," Sharon Kay Ritchie is married in Denver to Don Cherry, golfer and singing star. (International)

Janet Blair Refuses to Believe In Spooks—Even as Third Wife

NEW YORK 28—The ghosts of two former TV wives hover unceasingly over the Sid Caesar show this season, but Janet Blair, wife number three, refuses to believe in spooks.

"I'm absolutely flabbergasted, really flabbergasted, the way everyone is out to compare me with Nan Fabray and Imogene Coca," bristled the blonde Miss Blair.

"I'll be darned if I'll be compared. This comparison business, frankly, just embarrasses me."

"I'm Janet Blair. I have my own talent, my own way of expressing myself. Imogene is Imogene. Who could ever be like her? She's a fantastic performer. And Nan is just wonderful at expressing herself—I was terribly upset myself when she and Sid broke up."

MISS BLAIR, who has moved through successive stages as a citizen of Altoona, Pa., a singer with the Hal Kemp band, an ingenue in Hollywood, a performer on the night club circuit and a star of the "South Pacific" road company, signed with Caesar last April.

"I had been offered my own series many times, but I guess that doesn't make me particularly unique — that happens to most stars," said Miss Blair.

"A TV series is not the most divine thing to do. TV has such an immediate impact that a performer can kill himself by laying an egg. So I was quite wary."

Her first show with Caesar this season was a little rough, but Miss Blair feels time will iron out the bumps.

"IT'S TERRIBLY unfair to judge a performer on a show like this on the basis of one or two shows," she said. "You know, Sid was ill just before our first show

and we barely had any time to rehearse our 'commuters' sketch together at all.

"I'll take us four, five, six shows, I think, before we really start working as a team. Look at other teams like Burns and Allen and how long they've been working together. Why, it takes years sometimes before you really work out the right kind of give-and-take attitude."

"IN A SENSE, Nan had it easier than I did. She was kind of eased in as Imogene Coca's replacement — she had been on the Caesar show a few times before she became a permanent member. All I'm asking for is some time and a fair chance."

LEGAL NOTICE

CERTIFICATE OF BUSINESS FICTITIOUS FIRM NAME
THE UNDERSIGNED does hereby certify that he is conducting a Plumbing Service business at 555 Cleander Road, City of Palm Springs, County of Riverside, State of California, under the fictitious firm name of LOUIS PLUMBING SERVICE and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

The Desert Sun Wednesday, Sept. 26, 1956 13

HURRY! HURRY! HURRY!

\$14,950

Is a fair price for this modest, lovable home of 3 bedrooms,
2 baths. It has a double carport. Room for pool. Is well
financed. Partly furnished.

\$30,000

Buys one of the most livable south end homes with 3 bed-
rooms, 2 baths, large living room. Beautifully landscaped.
Dichondra lawn, sprinklers. Room for pool. Very easy financ-
ing. Unfurnished.

46,500

Worth of "Fun in the Sun," because the sun floods this de-
lightful home of 3 bedrooms, 2 bath. Located close in. Pool
with large patio. TV cable. Lot 132x135. Furnished.

\$59,500

Takes this TV star's modern 8-month-old "House of Tomor-
row." Spacious living room with unusual fireplace, 4 bed-
rooms, 3 baths. Kitchen you'll love to cook in. Built-in oven,
range, pool. Lovely furnishings.

School Bond Projects Near End, Few Left

Consideration of final working drawings and specifications for the Palm Springs High School auditorium and music rooms will be discussed by the Board of Education Thursday night at a meeting at Frances Stevens School.

The approval of these plans will complete all items under the school building bond issue except the bus ports and the acquisition of land in Section 26.

Expenditure of the \$2,125,000 school building bonds included the building of a new school in Section 19; the acquisition of 10-acre sites in Sections 14 and 26, and Thousand Palms; two additional classrooms, a multi-purpose room, and site development of Cathedral City School; four classrooms at Cahulla School; administrative offices, teachers workroom and multi-purpose building at Desert Hot Springs School; and four classroom additions to Nellie Coffman Junior High School.

ON THE HIGH SCHOOL plant, bonds successfully financed the new auditorium and music rooms, a new science building, administrative offices, additional dressing and shower facilities for the Junior High School, and site development. The district purchased equipment for the elementary schools, including furnishings for 15 classrooms, three serving kitchens, two offices and lounges, one home-making room, general science room and shop addition. With the same funds, the trustees will complete playground equipment for the new Cielo Vista School.

WITH MOST BUILDING either completed, nearly completed or well under way, the new bus depot, which is presently scheduled for construction at the Katherine Finch School site, is being held up pending discussions on the advisability of combining additional storage space with the bus port construction.

Other items before the board of education Thursday will be the discussion of a policy governing insurance premiums; consideration of working drawings; specifications for the Palm Springs High School utility and site development, and the location of a bus port at Cathedral City School.

X-Ray Checks Heart Disease

LOS ANGELES — Much information about heart disease is being obtained by X-ray examinations in which a six-inch needle is stuck directly into the heart chamber, according to Dr. J. Stauffer Lehman.

Dr. Lehman told 1,500 doctors attending the 57th annual meeting of the American Roentgen Ray Society that contrast material is injected into the heart through the needle and filmed as it is pumped out.

The amount of blood leaked by a diseased heart valve can be studied by this method which also indicated the surgical procedure necessary to correct the condition, the Philadelphia radiologist said.

Lehman said the process of inserting the needle into the heart chamber is extremely delicate and should only be done by a physician ready to meet all possible emergencies, such as cardiac arrest.

He was one of the first of many speakers scheduled to deliver scientific papers during the four-day meeting of radiologists. They are physicians who specialize in the use of X-rays, radium and other radioactive substance in diagnosis and treatment of disease.

Guard Foils Suicide Attempt In San Quentin

SAN QUENTIN — A death row convict awaiting execution in San Quentin Prison's gas chamber tried to kill himself Monday but was foiled by a guard.

Vernon D. Richardson, 43, convicted for the murder of his father-in-law in Orange County, cut a one-inch slash in his left wrist in a suicide attempt.

He was found lying on his bunk by guard R. W. Hunkins.

Richardson was put in the prison hospital and given a transfusion.

CONSTITUTION DAY was marked by the local Masonic Lodge Monday night, with State Sen. Nelson Dilworth, center, as the featured speaker. Welcoming him to the ceremonies at the

Masonic Hall are Ray Sorum, right, master of the lodge, and N. H. "Toby" Curtis. (Desert Sun Photo).

Asphalt Plant Permit Granted

A permit was granted by the supervisors Monday to Hicks and Alfred of Cathedral City to establish and operate a borrow pit, rock crusher and asphalt plant on property located approximately two miles east of the city limits of Indio and approximately two and one-half miles north of the intersection of Dillon Highway with Highway 60-70.

Granting of the permit was recommended by the planning commission. Opponents appearing before the commission on Aug. 28 were Florence Merrifield, Larry Stanhope, Mrs. P. E. Rush, Josephine Zeisset, and Silas Stanhope, all property owners in the area.

Job Classification Correction Asked

E. Scott Dales of Riverside, the county's new public defender, told the supervisors this week that he believes job qualifications for the position of assistant public defender should be the same as those for Grade I deputy district attorney and assistant county counsel which do not require one year of experience in practice of law in California as does the public defender assistant position, and asked that the year's practice provision be eliminated.

Dales said his present assistant may resign and he wants to be in a position to fill the vacancy without delay. His request was referred to the personnel director for study and recommendation.

Quick Turndown

HART, Mich. — The city council quickly turned down two applications it received from persons who want to be city manager here. One came from a man in Germany who asked the city to pay his transportation here for an interview. The other came from a patient in an Illinois mental hospital.

Unusual Teacher Collects Autographs Instead of Apples From Her Students

By GAY PAULEY
United Press Staff Correspondent
NEW YORK — Mrs. Florence Burrill, a teacher, collects autographs instead of apples from her pupils.

The sprightly, grey-haired Mrs. Burrill is one of 50 teachers hired by the Los Angeles Board of Education and the California Department of Labor to see that small fry in the bigtime learn the three R's as they earn salaries of four figures.

Mrs. Burrill, a native of Leavenworth, Kan., taught Margaret O'Brien her ABC's. She instructed Natalie Wood in everything from fractions to French. She taught Elizabeth Taylor, not only academic subjects, but to be less of a tomboy.

"THAT GIRL," said Mrs. Burrill, during a visit this week to Manhattan. "We could never get her to keep her shoes on."

Currently, Mrs. Burrill is on a tour with 11-year-old Mickey Braddock, to publicize his filmed television series, "Circus Boy."

"He's having trouble with grammar," said Mrs. Burrill. "He keeps saying 'brang'."

The Board of Education requires that movie moppets get in at least three full hours of classwork daily, during the regular school term.

no matter whether they're working on a Hollywood set, on location, or on tour.

Sometimes Mrs. Burrill said the "classroom" is nothing more than a couple of chairs and a table off-stage.

HER WORD IS LAW where the child is concerned, because the city and state also guard movie children's welfare — seeing that they get a lunch break at a regular time, that they are not too long before the cameras, that their lives are in no way endangered by the demands of their roles.

In the years she has been behind the scenes in the glamour capital, Mrs. Burrill has made only one before-camera appearance. It was while she was instructing Margaret O'Brien, and made a brief guest appearance on a TV show.

"I had the best of directors," she laughed. "Little Margaret kept telling me, 'Now don't be scared; don't be scared'."

Canada Joins Hunt for U.S. Navy Embezzler

TORONTO — The Royal Canadian Mounted Police cooperated with the FBI today in a two-nation search for a U.S. naval officer charged with embezzling \$70,000 in U.S. government funds.

Donald John Page, 23, a native of New York City, was charged with embezzlement Sept. 23, 1955. An ensign on the carrier Wasp when it docked at San Francisco, he was in charge of the ship's funds, including payrolls.

Page failed to report for duty following a weekend shore leave on Sept. 9, 1955. A check of the ship's books revealed the \$70,000 shortage.

The FBI requested help from the RCMP Monday. The RCMP alerted police here to watch for a 1955 model Sunbeam-Talbot car with Ontario license plates.

Page is believed to be familiar with Eastern Canada.

Lee Backstrand To Attend Meet

Assemblyman Lee Backstrand of Riverside County, chairman of the Assembly Transportation and Commerce Committee, announced he will attend the Governor's traffic safety conference in Sacramento Oct. 3, 4 and 5.

Assemblyman Backstrand will chair the Enforcement Division panel on Oct. 4 discussing coordination of traffic control enforcement. He will also speak before this section presenting a paper on Enforcement and Legislation.

On Oct. 5 he will speak to the Engineering Section and will cover the problems currently under study by the Interim Committee on transportation and commerce. Backstrand is currently engaged in forming traffic safety committees in Riverside county.

New Bank of America Vaults in Palm Desert Described as Bomb Shelter

"It would make a good bomb shelter," west of the present branch and Desert Magazine building.

That's the way the vault in Bank of America's new Palm Desert branch was described by Mike Munier, officer in charge of the branch. It is one of the features of the new building that the public will be invited to see when public open house is held Friday evening, Oct. 5. Open house hours will be from 7 p.m. to 9 p.m.

The vault has walls and ceiling of steel-reinforced concrete 18 inches thick, and is guarded by a four-ton door with a triple time-locking device. It also has a ventilating system and speaking device leading through the thick walls into the main banking room, just in case anyone should accidentally get locked in. The ventilator is operated by the simple flip of a handle.

The vault protects the bank's cash supply, certain valuable documents, and the customer's safe deposit boxes.

Safe deposit boxes are one of the new features not obtainable at the old Palm Desert branch, Munier said. Other new features are escrow facilities, night depository, and large parking area.

The new building is located at 73-833 Highway 111, a quarter mile

Carnation corner
by June Goodie
CARNATION HOME SERVICE DIRECTOR

These warm days, nothing picks me up faster than the tangy, old-time flavor of Carnation Buttermilk. It's so cool and refreshing, so rich with the old-fashioned, fresh-churned flavor that has made Buttermilk a favorite drink since Grandpa's day. You'll agree, that only Carnation could make it so good!

Carnation Buttermilk is so wonderful for cooking and baking, too. Family favorites like biscuits and hot cakes are always moist, high, light and extra tender when you make them with Carnation Buttermilk. So many of you have written to me for Buttermilk recipes that I've included two different ways to enjoy this delicious beverage in today's column:

BUTTERMILK SHAKE
3 cups CARNATION BUTTERMILK
1/2 cup lemon juice
1/2 teaspoon salt
1/2 cup sugar
1/2 teaspoon lemon rind
1/2 pint Carnation Ice Cream
Ginger to taste
Mix all ingredients together in bowl or shaker. Mix well. Serve at once topped with ginger.

BUTTERMILK SOUP
For a zippy new taste, try using Carnation Buttermilk instead of milk in Cream of Asparagus, Black Bean, Cream of Celery, Cream of Mushroom or Tomato Soup.

At lunch, after a round of gardening chores, at dinner, as a late evening snack — according to my husband, there's no time of day that isn't the perfect time for a tall, cool glass of good Carnation Buttermilk.

Ginger was cultivated in the Orient long before it was known in Europe and centuries before the Spanish brought it to the New World. Marco Polo wrote glowing accounts of it in his famous book of travels. Even the ginger we use today in our modern kitchens comes from romantic far-off places like India, Japan, Canton and Jamaica.

I enjoy Carnation Buttermilk frequently even when I'm dieting. It's high in protein, low in calories... the best way I know to satisfy my craving for something good between meals. Keep plenty on hand.
